the CDC Water and Health Study.

The goal of this study is to understand water use and whether water use habits are linked to common illnesses.

You have been selected from a list of water utility customers in your area. [Utility Name] provided your contact information to the CDC study team. Because this study asks about your experiences in the last 2 weeks, it will be easiest if you respond right away while recent events are still fresh in your mind.

The survey should take about 12 minutes to complete, and your response is very valuable!

Your feedback will be combined with information from customers of other water utilities around the country.

You can fill out the survey on-line by clicking  **[here](#)**  [  **[ID](#)**   **[Pwd](#)** ], or you can fill out the paper survey you received in the mail send it back to us in the envelope provided. We have already paid for the postage.
