Research Plan

This Biospecimen Progress Report pertains to the <system inserts name of Research Study> Material Transfer Agreement and is specific to the Research Plan and Design and Analysis Plan submitted in DASH when biospecimens from <system inserts name of Requested Study> were requested. A new Material Transfer Agreement must be executed if your Research Plan and/or Design and Analysis Plan has changed.

Affiliates

Affiliates are individuals working with the Recipient on the same research, and associated with the same institution as the Recipient. Affiliates are provided download access to data from DASH and are active registered users of DASH. The list of Affiliates that are covered under this Data Use Agreement is below. If you need to add/remove affiliates, please click the "Update Affiliates" action button.

2. Please review this list of Affiliates named for your request

| Name	Job Title/Position	Email
Dr. Anthony Smith	Lead Investigator	smith_tony@gmail.com
Elliot Mass	Vice President	emass@penn.edu
Amber Littleton	Biostatistician	littletona@penn.edu

Update Affiliate List

* I attest that this list of Affiliates is correct and complete   ☐

Collaborators

Collaborators are Principal Investigators working with the Recipient on the same research plan, are associated with a different institution than the Recipient, and are covered under a separate Data Use Agreement through the Collaborator's institution . Collaborators are provided download access to data from DASH. Collaborators are required to submit a separate data request in DASH, including a Data Request Form and signed Data Use Agreement with NICHD before receiving access to the data.

3a. Do you work on this research plan with Collaborators?

■ Yes   ☐ No

3b. Please verify the list of Collaborators is correct, if not, click "Update Collaborator" and complete the information.

PI/Recipient Name	Institution/Branch	Email
Dr. Charles Eads	Mayo/Center for Clinical Research	eadsd@mayo.edu
Ingrid Sully	UPENN	Sully_Ingrid@upenn.edu

Associates

Associates are individuals working with the Recipient on the same research plan, are associated with a different institution from the Recipient, yet are covered under the Recipient institute's Data Use Agreement. Associates may only obtain access to data by and through the Recipient's institution. Associates are not provided access to the data through DASH.

4a. Do you work on this research plan with Associates?

■ Yes   ☐ No

4b. Please verify the list of Associates is correct, if not, click "Update Associates" and complete the information.

Outputs and Outcomes

5. Please Select All Outputs or Outcomes Generated from the Use of the Data Received from DASH

5a. Peer Reviewed Publication(s) ☐

5b. Patent Applications ☐

5c. Was the data generated from the research use of requested biospecimens submitted into DASH as required by the Material Transfer Agreement (Clause 10)?

☐ Yes   ☐ No

6. Was the quality of the biospecimens provided appropriate for the proposed research purpose?

☐ Yes   ☐ No
