INTRODUCTION

This attachment contains the information on the data categories. For each data category, there is a table that provides the definitions, permitted values, and a list of the data groups that use that category.

To make this document easier to use, the first section contains data categories that are used throughout the data set. The later sections are organized into the same topics used in Attachment B-3. Within each section, the data categories are listed in alphabetical order.

Explanation of markings in this document:

- **New! 60** are newly proposed additions made to the 60-day package,
- **New! 30** are newly proposed additions made to the 30-day package.
- **Revised! 30** have proposed changes to already existing categories, and were revised prior to the 30 day comment period based on feedback from the 60 day comment period and/or technical edits and corrections.
- **Revised! 60** were revised prior to the 60 day comment period.
- **Retired!** are no longer being collected in SYs 2017-18 and 2018-19, under the ESEA, as amended by ESSA.
- **Final!** have been revised in the final package in response to the 30 day public comment feedback received and decisions not to implement ESSA regulations.
- **Revised TA!** changes made as part of technical amendments.

CATEGORIES USED THROUGHOUT THE DATA SET

Age, Age/Grade Level, and Grade Level Categories

Some data are aggregated by the age or grade level of the students. The tables below provide the ranges of ages or grade levels for these categories.

Age – Some data are aggregated by the age of the students. The table below provides the ranges of ages included for these categories. Below the information on the range of ages is a list of the data groups (including file numbers) using that category. Age is defined as “the discrete age of students (children).”

Age (Early Childhood) is defined as “the discrete age of children (students) who are in early childhood on the state specified child count date.”

Age (School Age) is defined as “the discrete age of children (students) who are school age on the state specified child count date.”

Age (Exiting) is defined as “the discrete age of children (students) on the date of the most recent IDEA child count prior to exiting special education.”

Age Group is defined as “the age range of students (children).”

Age (PK) is defined as “the age ranges of children who are younger than age 5.”

Grade Level – Some data are aggregated by the grade level of the students. The tables below provide the ranges of grade levels included for these categories with one exception. The grade level category for assessments is in a separate table. Below the information on the range of grade levels is a list of the data groups (including file numbers) using that category.

Grade Level (Membership) - The grade level (primary instructional level) of students entering and receiving services in a school during a specific academic session.

Grade Level (Basic w/13) – The grade level (primary instructional level) of students

Grade Level (Dropout) – The grade level (primary instructional level) of students at which students decided to leave school before graduating
