<b>Adjustment</b>		NA
<b>Other change**</b>		
<p>The National Assessment of Educational Progress (NAEP), conducted by the National Center for Education Statistics (NCES), is a federally authorized survey of student achievement at grades 4, 8, and 12 in various subject areas, such as mathematics, reading, writing, science, U.S. history, civics, geography, economics, technology and engineering literacy (TEL), and the arts. The National Assessment of Educational Progress Authorization Act (Public Law 107-279 Title III, section 303) requires the assessment to collect data on specified student groups and characteristics, including information organized by race/ethnicity, gender, socio-economic status, disability, and limited English proficiency. It requires fair and accurate presentation of achievement data and permits the collection of background, noncognitive, or descriptive information that is related to academic achievement and aids in fair reporting of results. The intent of the law is to provide representative sample data on student achievement for the nation, the states, and subpopulations of students and to monitor progress over time. The nature of NAEP is that burden alternates from a relatively low burden in national-level administration years to a substantial burden increase in state-level administration years when the sample has to allow for estimates for individual states and some of the large urban districts. The request to conduct NAEP 2019 and 2020 was approved in September 2018 (OMB# 1850-0928 v.10) including operational assessments, pilot tests, and special studies. NAEP 2019 will include operational, national-level, Digitally Based Assessments (DBA) in mathematics, reading, and science at grades 4, 8, and 12; operational, state-level DBA in mathematics and reading at grades 4 and 8; pilot DBA for 2021 reading and mathematics at grades 4 and 8; a paper-based assessment (PBA) to DBA bridge studies in mathematics and reading at grade 12, and science at grades 4, 8, and 12; National Indian Education Study (NIES); Computer Access and Familiarity Study (CAFS); Socioeconomic Status (SES) Questionnaire Study; High School Transcript Study (HSTS); and Middle School Transcript Study (MSTS). This request updates the confidentiality pledges cited in NAEP and provides the final NAEP 2019 data collection and communication materials, including their Spanish-language translations where used. The NAEP results will be reported to the public through the Nation's Report Card as well as other online NAEP tools.</p>
