<i>Subtotal for Recordkeeping Requirement</i>			
TOTAL LABOR BURDEN AND COST (rounded)^j			
Total CAPITAL and O&M COST (rounded)^j			
GRAND TOTAL (rounded)^j			

Assumptions:

^a We have assumed that the average number of private sources subject to the rule will be 15, and that on this ICR. This ICR assumes that all sources will incur a burden to re-familiarize themselves with the regul:

^b This ICR uses the following labor rates: \$149.35 per hour for Managerial labor; \$112.98 per hour for Te the United States Department of Labor, Bureau of Labor Statistics, June 2017, Table 2. Civilian Workers, Compensation. The rates have been increased by 110 percent to account for the benefit packages avail:

^c We have assumed that there will be one new or reconstructed source over the next three years.

^d We have assumed that the one new source will use controls to comply with the standard and therefore t have assumed that this one new source will not develop a site-specific monitoring and inspection plan for

^e Compliance status reports are required semiannually. We have assumed that deviations get reported as all of the sources that had an SSM of a control device was consistent with the SSM plan and therefore no

^f The technical persons-hours per occurrence were taken from the ESD manual Table 4 “Burden of Perfo (Volume X, Section 2.2).

^g Since there is only one new respondent, we have assumed that it will not have to repeat the performance

^h We have assumed that owners and operators will maintain monitoring records on a weekly basis.

ⁱ We assume all of the recordkeeping and reporting burden from the rule at federal facilities will be conducted

^j Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.

<i>Subtotal for Recordkeeping Requirements^k</i>			
TOTAL LABOR BURDEN AND COST (rounded)^k			
Total CAPITAL and O&M COST (rounded)^k			
GRAND TOTAL (rounded)^k			

Assumptions:

^a We have assumed that the average number of existing Federal sources subject to the rule will be 3, and three-year period of this ICR. This ICR assumes that all sources will incur a burden to re-familiarize them:

^b This cost is based on the following hourly labor rates, increased by 60% to account for the benefit package: Step 5, \$40.50+60%), \$48.08 for Technical (GS-12, Step 1, \$30.05 + 60%) and \$26.02 Clerical (GS-6, St Management (OPM) “2017 General Schedule” which excludes locality rates of pay.

^c We have assumed that there will be no new or reconstructed Federal sources over the next three years.

^d Compliance status reports are required semiannually. We have assumed that deviations get reported as all of the sources that had an SSM of a control device was consistent with the SSM plan and therefore no

^e We have assumed that no Federal respondents need to conduct the initial performance evaluation, since

^f We have assumed that no Federal respondents need to keep records for initial performance evaluation over the next three years.

^g The technical persons-hours per occurrence were taken from the ESD manual Table 4 "Burden of Performance" (Volume X, Section 2.2).

^h Since there are no new respondents, it is assumed no respondents will have to repeat the performance.

ⁱ We have assumed that owners and operators will maintain monitoring records on a weekly basis.

^j We assume all of the recordkeeping and reporting burden from the rule at federal facilities will be conducted at the federal facilities.

^k Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.

Subtotals Labor Burden and cost				
TOTAL ANNUAL BURDEN AND COST (rounded)^f				

Assumptions:

^a We have assumed that the average number of existing sources subject to the rule will be 18, and that three-year period of this ICR. That facility is not assumed to require repeat performance evaluation test

^b This cost is based on the following hourly labor rates, increased by 60% to account for the benefit paid: Managerial (GS-13, Step 5, \$40.50+60%), \$48.08 for Technical (GS-12, Step 1, \$30.05 + 60%) and \$26.00 for Support (GS-11, Step 1, \$16.25 + 60%) are from the Office of Personnel Management (OPM) “2017 General Schedule” which excludes locality

^c We have assumed that 20 percent of all respondents will be out of compliance.

^d We have assumed that none of the respondents are submitting waivers for recordkeeping and reporting

^e Compliance status reports review is required semiannually. We assumed that deviations get reported

^f Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.
