RFS Cellulosic Biofuel Producer Questionnaire Form

Facilities that anticipate producing cellulosic biofuel eligible to generate D3 or D7 RINs at any point in the current or subsequent year may prepare and submit this data form by March 31 each year.

Who must report

 The RFS Cellulosic Biofuel Producer Questionnaire is a voluntary form. All parties that intend to generate cellulosic biofuel RINs (D3 or D7 RINs) for fuel used as a transportation fuel in the United States are welcome to complete the questionnaire.

Reporting deadlines

• The RFS Cellulosic Biofuel Producer Questionnaire is due on an annual basis, by March 31st of each year.

How to submit reports

• EPA maintains report templates, electronic submission procedures and additional support options at https://www.epa.gov/fuels-registration-reporting-and-compliance-help/reporting-fuel-programs.

Field Instructions

Field No.	Field Name	Units	Field Formats, Codes & Special Instructions
1.	Report Form ID		AAAAAA; Character Enter RFS2700
2.	Report Type		A; Character Specify if the data submitted in this report is original or if it is being resubmitted. Submit only one original report; any corrections or updates should be marked as a resubmission. O = Original R = Resubmission
3.	СВІ		A; Character Specify if the data contained within the report is claimed as Confidential Business Information (CBI) under 40 CFR Part 2, subpart B. Y = Confidential Business Information N = Non-Confidential Business Information
4.	Report Date		MM/DD/YYYY; Character Enter the date the original or resubmitted report is created.
5.	Company/Entity ID		AAAA; Character Enter the EPA-assigned four-character Company ID of the renewable fuel producer. If the company is not registered under the RFS program enter N/A
6.	Company Name		AAAA; Character Enter the reporting party's company name (your company name).
7.	Facility ID		AAAAA; Character Enter the EPA-assigned five-character facility ID of the renewable fuel producer. If the facility is not registered under the RFS program enter N/A

Enter the reporting party's facility name (your
, ,, ,
ne).
9 ; Number
nameplate capacity (annual production
of the facility. If the facility produces multiple
of fuel, enter only the volume that corresponds
ic biofuel production (D3 or D7 RINs).
Character
eneral description of the technology and
sed to produce cellulosic biofuel
Character
name(s) of all providers of key portions of
biofuel production technology (enzymes,
re-treatment, yeast, etc.) and a brief description
ure of the partnership/agreement
YYY; Character
date of mechanical completion of the facility. If
sly existing facility is being modified to enable
ction of cellulosic biofuel, enter the date of
al completion of these modifications. If the
ot yet mechanically complete enter the
completion date.
YYY; Character
date of the first production of commercial scale
pallons of cellulosic biofuel (fuel eligible to
D3 or D7 RINs). If commercial scale production
t begun enter projected date.
YYY; Character
date the facility achieved full production
e) rate of cellulosic biofuel. If full production
ot yet been achieved, enter the projected date.
YYY; Character
date the facility completed registration under
rogram to produce cellulosic biofuel (D3 or D7
acility is not yet registered enter projected date.
Character (5,000 Character Limit)
name(s) of any companies with which the
s fuel off-take agreements for cellulosic biofuel,
f description of these agreements
Character (5000 Character limit)
information you believe would aid EPA in
production volumes of cellulosic biofuel from
not covered above

Paperwork Reduction Act Statement

The public reporting and recordkeeping burden for this collection of information is disclosed in the estimates of the individual report form instructions. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable

instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.
