**This is a U.S. Government system and is for authorized users only.**

By accessing and using this information system, you acknowledge and consent to the following:

You are accessing a U.S. Government information system, which includes: (1) this computer; (2) this computer network; (3) all computers connected to this network; and (4) all devices and storage media attached to this network or to a computer on this network; and (5) cloud and remote information services. This information system is provided for U.S. Government-authorized use only. You have no reasonable expectation of privacy regarding any communication transmitted through or data stored on this information system. At any time, and for any lawful purpose, the U.S. Government may monitor, intercept, search and seize any communication or data transiting, stored on, or traveling to or from this information system. You are NOT authorized to process classified information on this information system. Unauthorized or improper use of this system may result in suspension or loss of access privileges, disciplinary action, and civil and/or criminal penalties.

Note that you will be logged off this system after 15 minutes of inactivity. This system will continuously autosave as you enter information into the system.

**Paperwork Reduction Act Statement:**

This information collection meets the requirements of 44 U.S.C. § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. The OMB control number for this information collection is 2700-XXXX and it expires on XX/XX/20XX. We estimate that it will take about eight (8) hours to read the instructions, gather the facts, answer the questions, and transmit. You may send comments on our time estimate above to: Peter Tran, Ames Research Center, Moffett Field, CA. 94035. Send only comments relating to our time estimate to this address, not the completed form.

---

**NASA License Application**

Thank you for your interest in licensing this technology!

This system continuously autosaves and you can retrieve your application any time by clicking the **Dashboard** link at the top right.

If at anytime you would like to contact us, click the **Contact Us** link at the bottom right.

We look forward to receiving your application!

First, we need to ask a few questions to figure out what type of license would work best for you.

Here is a list of licenses we offer:

- Commercial License
- Evaluation License
- Startup NASA License

To find out more about how to license with NASA, please visit our [licensing page](#).

[Already know what type of license you want?](#)

- How do you intend to use the technology?**
- I want to develop a new product or service
  - I want to enhance an existing product or service
  - I'd like to evaluate this technology's potential for my company

- Is this for a startup company that is yet to be formed or which formed within the last 12 months? (Why is this important?)**
- Yes
  - No

Next, we'll walk you through the information we need to process your application. First, we need to gather some basic information about your company.

(Why are you asking me this?)

www.nasa.gov

Is your company already legally formed?  Yes  No

Contact Us

Is your company a domestic US owned company?  Yes  No

Date of incorporation:

Place of incorporation:

Does it have a parent company?  Yes  No

Your company's name and contact information:

Company name:

Street address:

City:

State:

Zip code:

Representative's name:

Phone:

Email:

Contact Us

Is your company a small business? [\(Learn more\)](#)  Yes  No

How many employees does your company have?

Briefly state your company's nature / type of business -- current or planned -- including any products or services that have already been commercialized

Has your company previously licensed any federal technologies?  Yes  No

Thank you! That's all we need to know about your company for now. Next are a few questions about how you intend to use this technology.

Please describe the product(s), process(es), or service(s) you are proposing to create or enhance using this technology.

[Contact Us](#)

To what extent are similar technologies currently being practiced in the market, and what is their commercial availability? (Please only provide information that is public and readily available.)

What economic benefits will your proposed use of the technology generate for the United States? (Why are you asking me this?)

What market are you targeting?

- Aeronautics
- Communications
- Electrical / Electronics
- Environment
- Health, Medicine, and Biotechnology
- IT and Software
- Instrumentation
- Manufacturing
- Materials and Coatings
- Mechanical and Fluid Systems
- Optics
- Power Generation and Storage
- Propulsion
- Robotics, Automation, and Control
- Other

What is the market size for your particular application?

- Under \$10 million
- Between \$10 million and \$50 million
- Between \$50 million and \$100 million
- More than \$100 million
- Unknown

Development / Marketing Plans

Sign and Submit

- Commercialization Time / Funding
- Design and Manufacturing
- Marketing Resources
- Development / Sales Projections

Just one more area to cover before you're ready to sign and submit! We'd like some detailed information on your plans to bring this technology to market.

First, tell us about how long commercialization will take and how much investment it will require.

[Contact Us](#)

How long do you anticipate it will take to make the product market ready? (This should include all the time spent on prototypes, testing, and development through commercialization)

- Under a year
- Between 1-2 years
- Between 2-5 years
- More than 5 years

How much funding do you anticipate it will take to develop and commercialize this product?

- Less than \$250,000
- Between \$250,000 and \$500,000
- Between \$500,000 and \$1 million
- More than \$1 million

What funds do you currently have?

What are the sources for those funds?

Personal  %

Bank  %

Private Investment  %

Industry  %

Other  %

[Contact Us](#)

Where do you anticipate the rest of the funds coming from?

Personal  %

Bank  %

Private Investment  %

Industry  %

Other  %

Please provide details of your funding.  
(What details should I provide?)

Please describe any other resources that will help you develop the end product – for example, facilities, equipment, etc.

[Go Back](#)

[Continue](#)

[Contact Us](#)

Thank you! Next, can you give us some details about the future product's design and manufacturing?  
(Why is this important?)

Please briefly describe for us your plans for designing, developing, and selling the product, process, or service. (Need an example?)

What is the ZIP code where the product will be developed?

Where do you intend on manufacturing any products embodying the invention, and where do you intend to use or sell the product(s)? (Need an example?)

[Go Back](#) [Continue](#)

Now, just a few questions about marketing and your technical resources.

Please briefly describe for us your marketing plan.

Which consumer market, if any, do you intend to enter?

Are there any additional market sectors you plan on entering after initial success?

Please describe your technical resources that will help bring this product to market. (Need an example?)

[Go Back](#) [Continue](#)

Almost done! We just need your projections for product development time and sales.

Please provide a list of significant performance milestones. These will be incorporated into the licensing agreement. [\(Need an example?\)](#)

Please provide a 5 year projection of expenses and income as they relate to the technology to be licensed from NASA using the following [pro-forma spreadsheet sample](#).

[Attach Projection Spreadsheet](#)

[Go Back](#)    [Continue](#)
