

MANAGE MY DECODER

OMB Control Number 0704-0547, Expires XX-XX-XXX

By typing my information into the following form I certify that I am a member of the authorized audience (active duty U.S. military, DoD civilians, military retirees, Dept of State employees co-located with military, and DoD-sponsored contractors) and that the decoder described above is for my personal use (or non-commercial use by the owning military unit). I agree that if I sell the decoder, it will be only to another authorized audience member and I will advise the purchaser to update the decoder's owner information contained on the box.myafn.net website. I will not re-broadcast/transmit the AFRTS signal. If my original DEROS is more than 3 years or is modified, I agree to revise my decoder's data listing by visiting box.myafn.net and revising the registration information in the "authorize decoder" path. I understand that the decoder will be deactivated in 3 years if not updated. If I falsify information or use the decoder in any unauthorized manner, I understand that the decoder may be permanently deactivated if AFRTS HQ's investigation reveals abuse of the system.

AFN Connect Privacy Act Statement:

AUTHORITY: 10 USC, 113, DoD Directive (DoDD) 5122.05, DoDD 5105.74, DoD Instruction 5120.20.

PRINCIPAL PURPOSE: To determine the eligibility and continued validation of authorized individuals Outside the Continental United States (OCONUS) who receive and utilize an American Forces Network (AFN) satellite decoder. Provide U.S. military commanders worldwide with a unique means to communicate internal information directly as needed to OCONUS users. First and last name, duty station/residence country and locality, Unit Identification Code (UIC), DoD ID Number, sponsor/dependent status, home telephone number, address, personal cell phone number, office telephone number, grade/rank, date of birth, organization assigned to (i.e., Department, directorate, branch, office), status (i.e., active duty, retired, or permanently disabled) and decoder serial number.

ROUTINE USE: (a) Truncated SSN/DOB for integration with DEERS for eligibility screening (the truncated SSN is not stored). Remaining Data: Verification of eligibility to receive AFN content, maintain demographic data on AFN's viewership, and increase Force Protection capabilities of local and COCOM commanders. (b) Information can be used by the Department of State to verify authorized personnel's use of an AFN satellite (c) general request for information under the Freedom of Information Act, (d) legitimate request from law enforcement, (e) Congressional Inquiries, (f) Department of Justice for litigation purposes, (g) National Archives and Records Administration (NARA) for the purpose of records management inspections, (h) disclosures required by International agreement.

DISCLOSURE IS VOLUNTARY: Taking advantage of AFN services is voluntary. However, without receiving sufficient data to determine viewer/listener eligibility AFN will deny access to radio and television services via satellite delivery.

AFN Connect Agency Disclosure Notice (ADN):

The public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Department of Defense, Washington Headquarters Services, Executive Services Directorate, Directives Division, 4800 Mark Center Drive, East Tower, Suite 02G09, Alexandria, VA 22350-3100 [0704-TBD]. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

By clicking "Continue", I acknowledge that I have read and agree to the above statements and disclosures.
