From Director, CDC

Subject Transfer of Vessel Sanitation Program from CPS to CEH

To J. Michael Lane, M.D., Director, CPS
Vernon N. Houk, M.D., Director, CEH

In accordance with our discussions, effective June 7, 1987, the Vessel Sanitation Program was transferred from the Division of Quarantine, Center for Prevention Services, to the Special Programs Group, Office of the Director, Center for Environmental Health.

The five incumbents in this program, plus three FTEs, and the budget base for the program and positions are transferred with the program. Future adjustment of resources and transfer of functions will be made in accordance with agreements between CPS and CEH, which I have approved.

No changes in organization or function statements are required.

I appreciate the high level of coordination and cooperation you and your staffs have exhibited to make this a smooth transfer.
