NCI Graduate Student Recruiting Program

The National Cancer Institute (NCI) is actively seeking candidates to participate in the Graduate Student Recruiting Program, to be held June 7 to June 9, 2016 in Bethesda, Maryland. The purpose of this event is to recruit outstanding senior graduate students to postdoctoral positions at the NCI.

We will be selecting up to 25 students to spend 3 days discussing their research through poster sessions, meeting other students from around the U.S., learning about the research at NCI and exploring postdoctoral training opportunities through interviews with NCI principal investigators.

Eligibility Requirements

To be eligible, you must be enrolled in a PhD program in the U.S. and on schedule to complete your PhD degree requirements in 2016.

How to Apply

You must [apply through our online application process](#), and you must complete and submit an application before the deadline, March 31, 2016. You will need to register in order to establish your application account. **Please allow 1-2 business days for your account to be approved.** To complete the application you will be asked to provide:

- Personal Information – name, home/school address, phone, email, optional demographic information
- Citizenship
- Education – degrees awarded or expected; upload unofficial academic transcripts
- Personal Statement – PDF describing your research and career goals (approximately 1,000 words)
- Curriculum Vitae – current CV adapted to [suggested format](#)
- Research Interests
- Abstract – abstract of poster to be presented at NCI, if invited to participate
- References – e-mails for 3 persons who will provide current and original letters of recommendation (one must be your dissertation advisor)
- How Did You Hear? – indicate if you heard about this program from an e-mail or from a colleague or advisor

OMB Burden Statement

OMB No.:

Expiration Date:

[Click to view full statement](#)

You may complete the application at your own pace and in multiple sessions. Once you submit your application, requests will be e-mailed to your references. We recommend that you contact your references prior to submitting your application so they are prepared to receive and respond to your requests. References will have a separate deadline for submitting their letters.

All applications and requests for letters of recommendation must be made through your application account.

Deadlines

You must submit your application no later than 11:59 PM on March 31, 2016 EDT. We recommend that you do not wait until the final hours to submit your application.

Your letters of recommendation must be uploaded by your references no later than 11:59 PM on April 8, 2016 EDT. If you need to request a letter from another person, you will be able to do so after you have submitted your application.

You will be notified by e-mail when letters of recommendation are submitted. Additionally, you may log into your application account to see the status of your letters of recommendation. It is your responsibility to ensure that we have received these letters no later than 11:59 PM on April 8, 2016 EDT.

Notification

All complete applications submitted by eligible candidates by the above deadlines will be reviewed. An application is considered complete only if 3 letters of recommendation are received. All candidates will be notified by April 25, 2016 regarding the status of their applications. Candidates placing in the top 25 will be asked to confirm that they plan to attend the Graduate Student Recruiting Program from June 7 to June 9, 2016. Upon confirmation, they will be put in touch with our logistics team to make travel arrangements.

Contact Information

Questions regarding the NCI Graduate Student Recruiting Program should be directed to the program coordinator:

Program Coordinator
NCI Graduate Student Recruiting Program
Email: ncigsrp@mail.nih.gov

Questions regarding the functioning of the application, sending/receiving requests for letters or recommendation, or the website in general should be directed to nci-gsrp@imsweb.com. Technical support is available Monday through Friday, from 9:00 AM to 5:00 PM U.S. Eastern Time.

OMB Burden Statement

OMB No.:

Expiration Date:

Collection of this information is authorized by The Public Health Service Act, Section 411 (42 USC 285a). Rights of study participants are protected by The Privacy Act of 1974. Participation is voluntary, and there are no penalties for not participating or withdrawing from the study at any time. Refusal to participate will not affect your benefits in any way. The information collected in this study will be kept private to the extent provided by law. Names and other identifiers will not appear in any report of the study. Information provided will be combined for all study participants and reported as summaries. You are being asked to complete this instrument so that we can evaluate the effectiveness of it.

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0046). Do not return the completed form to this address.

Information to Include in Curriculum Vitae

General

Applicants are encouraged to use their current curriculum vitae and to add any necessary information.

- Please include your name and a page number on each page of the curriculum vitae.
- Some of the information requested below will not be applicable to all individuals.
- Please do not print or type your information on this page.

Date Prepared

Personal Information

- Name (First middle last)
- Home Address
- School Address
- Telephone (if more than one telephone number is provided, please indicate preferred contact)
- E-mail (if more than one e-mail address is provided, please indicate preferred contact)

Citizenship

- Country of Citizenship

Education

Please list all colleges and universities attended and any other relevant training. Include the following information for each institution:

- School, department, city and state, country
- Dates attended, academic major, degree, year degree awarded/expected

Work Experience

Please list current and past employment. Include the following information for each position:

- Title, employer's name, address, and telephone
- Dates of employment, hours per week
- Brief description of duties and accomplishments

Other Information

Please note that the items requested below may not be relevant to all applicants:

- Board certification
- Committee memberships
- Grants awarded
- Honors and awards
- Patents
- Peer-review service
- Professional licenses
- Professional society memberships
- Scientific presentations
- Teaching

Research Interests

Please provide a few key words that describe your research interests.

Bibliography

Please list all publications and indicate whether they are "published," "in press," "submitted," or "in preparation." Please list full-length manuscripts and abstracts separately.

Begin an Application - Registration Information

Step 1: Request a Login Service Account

To begin an application, you must first have an account with the IMS Login Service. The Login Service allows you to manage your username and password and provides greater security for your personal information.

If you do *not* already have a Login Service account, then you must request an account. If you have an account, then proceed to step 2.

Please allow **1-2 business days** for your account to be approved. You should allow sufficient time to create the account before the deadline date.

You will be notified by e-mail when your account has been created.

[Request a Login Service Account](#)

Step 2: GSRP Application

Once your IMS Login Service account has been created, you may begin your GSRP application.

If this is your **first time** creating a GSRP application, then you will log in, complete a brief form, and begin your application.

If you are a **returning user** who created a GSRP application in a past cycle, then you will log in, link your IMS Login Service account to your GSRP application, and begin your application. Once the link is made, you will not be asked to do it again.

[First Time Applicant](#)

PRIVACY ACT NOTIFICATION STATEMENT

The primary use of information collected via the Office of Intramural Training and Education (OITE) online forms is to evaluate an applicant's qualifications for research training at the National Institutes of Health (NIH). Information may be used during admission consideration; in preparing appointment paperwork; and to provide data for training program evaluation. Information will be disclosed to investigators, members of advisory committees, OITE staff, and contractors working on our behalf. Additional disclosures may be made to law enforcement agencies concerning violations of law or regulation. Application for this program is voluntary; however, in order for the OITE to process an application, the applicant must complete the required fields.

The legislative authorities for this training initiative are as follows:

- (1) Section 405 (b) (1) (C) of the Public Health Service Act, 42 USC 284 (b) (1) (C), as amended, which authorizes Directors of each national research institute to conduct and support research training for which fellowship support is not provided under section 487 and which is not **residency** training of physicians or other health professionals.
- (2) Section 413 (b) (3) of the Public Health Service Act, 42 USC 285a-2 (b) (3), as amended pertaining to the National Cancer Institute, which states that the Director, NCI, in carrying out the National Cancer Program ... shall ... "support appropriate programs of education and training (including continuing education and laboratory and clinical research training)".

View NCI's Web and Digital Policies at cancer.gov/policies.
