# Centers for Medicare & Medicaid Services (CMS) Quality Program Extraordinary Circumstances Exceptions (ECE) Request Form

A facility can request an exception or extension (if applicable) from CMS quality reporting and payment program requirements due to extraordinary circumstances beyond the control of the facility. Such circumstances may include (but are not limited to) natural disasters (such as a severe hurricane or flood), systemic problems with CMS data collection systems that directly affected the ability of facilities to submit data, or extreme circumstances preventing facilities from electronic clinical quality measure (eCQM) or electronic health record (EHR)-based reporting (e.g., extraordinary infrastructure challenges or vendor issues outside of the facility's control). To request an exception or extension, please complete and submit this form. This form must be submitted within 90 calendar days of the extraordinary circumstance for all programs, except the submission of eCQMs under the Hospital IQR Program, which has an ECE Request deadline of April 1st following the end of the reporting period.

Asterisk (\*) indicates required fields. All sections must be complete and specific in order for the CMS to consider the request.
