Purpose: This communication serves two purposes: (1) to inform the National Materials, Program (NMP) community (Agreement States and U.S. Nuclear Regulatory Commission, (NRC)) that the above indicated Office of Nuclear Material Safety and Safeguards (NMSS) State Agreements (SA) procedure have been revised; and (2) to provide the NMP community an opportunity to comment on this procedure prior to the procedure being issued.

Background: SA-112, *Emergency Suspension of a 274b. Agreement*, is subject to routine update and revision every five years. The last revision to this procedure was issued in March 2014. Discussion: This letter notifies the NMP community that NMSS SA procedure SA-112 has been revised and issued for comment. Comments are due by May 1, 2020 but will be considered at anytime. Once the comments have been resolved, the procedure will be finalized and issued. This time period will allow NRC and Agreement State staff in the NMP community to provide comments¹ based on their review of the procedure.
