In carrying out your duties as a member of an OSD advisory committee, you will be called upon to give advice on Department of Defense (DoD) policy deliberations. We do not anticipate that you will ordinarily participate in any "particular matters." However, sometimes policy deliberations may focus on the interests of specific persons or organizations or on a discrete and identifiable class of persons or entities. In such cases, your personal financial interest or your affiliations or relationships with other affected persons or entities may raise conflict-of-interest questions. By providing the information requested on this form, you will satisfy a Federal regulatory requirement and help DoD personnel identify and resolve potential conflicts. Please return your completed statement to your Committee's Designated Federal Officer prior to participating in Committee activity. For each of the three parts below, list all interests, positions, arrangements, or relationships that are responsive. If you have none, mark (X) the "NONE" box. If you have additional items to report, please include them on additional pages.

PART I - FINANCIAL INTERESTS

(If none, X:) **NONE**

If **you, your spouse, or your dependent children** receive any income (compensation, honoraria, royalties, etc.) from, or hold any stock, securities, or similar financial interests in any nongovernmental entity that either is the focus of, or is a member of a discrete and identifiable class that is the focus of, DoD policy deliberations likely to come before the Committee - list all such interests.

EXAMPLE: Report your spouse's stock in a company/contractor that could be affected by a finding/recommendation of the Advisory Committee.

EXAMPLES: (1) Are you connected with a corporation, professional association, university, or national laboratory that has a direct grant, cooperative agreement or other financial relationship with DoD or parties that may be affected by recommendations of the Committee (i.e., recommendation for current or future funding, closure of facilities, or selection of one type of research over another, etc.)? If so, name the entity and provide identifying information on the contract, grant, cooperative agreement, or other financial relationship involved.

(2) Are you an officer in a professional association that has directly negotiated with DoD on an issue the Committee is likely to discuss? If so, name the association and the issue involved.
