

URS Table 2A (MHBG Table 8A). Profile of Persons Served, All Programs by Age, Gender and Race/Ethnicity

OMB No. 0930-0335

Expiration Date: xx/xx/xx

Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0930-0335. Public reporting burden for this collection of information is estimated to average 30 hours per respondent, per year, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to SAMHSA Reports Clearance Officer, 5600 Fishers Lane, Room 15E57-B, Rockville, Maryland, 20857.

This table provides an aggregate profile of persons in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client receiving services in programs provided or funded by the state mental health agency. The client profile takes into account all institutional and community services for all such programs. Please provide unduplicated counts if possible.

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

Please report the data under the categories listed - "Total" are calculated automatically.

Comments on Data (for Gender):												
Comments on Data (Overall):												

Note: Clients can be duplicated between Rows: e.g., The same client may be served in both state psychiatric hospitals and community mental health centers during the same year and thus would be reported in counts for both rows.

Instructions:

- 1 States that have county psychiatric hospitals that serve as surrogate state hospitals should report persons served in such settings as receiving services in state hospitals.
- 2 If forensic hospitals are part of the state mental health agency system include them.
- 3 Persons who receive non-inpatient care in state psychiatric hospitals should be included in the Community MH Program Row
- 4 Persons who receive inpatient psychiatric care through a private provider or medical provider licensed and/or contracted through the SMHA should be counted in the "Other Psychiatric Inpatient" row. Persons who receive Medicaid funded inpatient services through a provider that is not licensed or contracted by the SMHA should not be counted here.
- 5 A person who is served in both community settings and inpatient settings should be included in both rows

6 RTC: CMHS has a standardized definition of RTC for Children: “An organization, not licensed as a psychiatric hospital, whose primary purpose is the provision of individually planned programs of mental health treatment services in conjunction with residential care for children and youth primarily 17 years old and younger. It has a clinical program that is directed by a psychiatrist, psychologist, social worker, or psychiatric nurse who has a master’s degree or doctorate. The primary reason for the admission of the clients is mental illness that can be classified by DSM-IV codes-other than the codes for mental retardation, developmental disorders, and substance-related disorders such as drug abuse and alcoholism (unless these are co-occurring with a mental illness).” **If your state serves adults in residential treatment centers, these adults should be reported in the residential treatment center row using the appropriate age group columns.**

Table 4 (MHBG Table 15A). Profile of Adult Clients by Employment Status

This table describes the status of adults clients served in the report year by the public mental health system in terms of employment status. The focus is on employment for the working age population, recognizing, however, that there are clients who are disabled, retired or who are homemakers, care-givers, etc and not a part of the workforce. These persons should be reported in the "Not in Labor Force" category. This category has two subcategories: retired and other. (The totals of these two categories should equal the number in the row for "Not in Labor Force"). Unemployed refers to persons who are looking for work but have not found employment. **Data should be reported for clients in non-institutional settings at time of discharge or last evaluation.**

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

Table 5A (MHBG Table 10A). Profile of Clients by Type of Funding Support

This table provides a summary of clients by Medicaid coverage. Since the focus of the reporting is on clients of the public mental health service delivery system, this table focuses on the clientele serviced by public programs that are funded or operated by the State Mental Health Authority. Persons are to be counted in the Medicaid row if they received a service reimbursable through Medicaid.

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

Please note that the same person may be served in both Medicaid and Non-Medicaid programs during the same reporting period.

Table 14A (MHBG Table 13A). Profile of Persons with SMI/SED served by Age, Gender and Race/Ethnicity

This is a developmental table similar to Table 2A. and 2B. This table requests counts for persons with SMI or SED using the definitions provided by the CMHS. Table 2A. and 2B. included all clients served by publicly operated or funded programs. This table counts only clients who meet the CMHS definition of SMI or SED. For many states, this table may be the same as Tables 2A. and 2B. For 2007, states should report using the Federal Definitions of SMI and SED if they can report them, if not, please report using your state's definitions of SMI and SED and provide information below describing your state's definition.

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

Please report the data under the categories listed - "Total" are calculated automatically.

Table 19A (MHBG Table 21). Profile of Criminal Justice or Juvenile Justice Involvement:

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

1. This is a developmental measure. To assist in the development process, we are asking states to report information on the arrest histories of mental health consumers with their December 2007 MHBG submission.
2. The SAMHSA National Outcome Measure for Criminal Justice measures the change in Arrests over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer self-report items on criminal justice, you may report them here.
3. If your SMHA has data on Arrest records from alternatives sources, you may also report that here. If you only have data for arrests for consumers in this year, please report that in the T2 columns. If you can calculate the change in Arrests from T1 to T2, please use all those columns.
4. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
5. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected).

Table 19A (MHBG Table 21), Profile of Criminal Justice or Juvenile Justice Involvement:

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

1. This is a developmental measure. To assist in the development process, we are asking states to report information on the arrest histories of mental health consumers with their December 2007 MHBG submission.
2. The SAMHSA National Outcome Measure for Criminal Justice measures the change in Arrests over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer self-report items on criminal justice, you may report them here.
3. If your SMHA has data on Arrest records from alternatives sources, you may also report that here. If you only have data for arrests for consumers in this year, please report that in the T2 columns. If you can calculate the change in Arrests from T1 to T2, please use all those columns.
4. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
5. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected).

Table 19A. Profile of Adult Criminal Justice and Youth Juvenile Justice Contacts

State: _____	Time period in which services were received: _____	
Please Describe the Sources of your Criminal Justice Data		
Source of adult criminal justice information:	<input type="checkbox"/> 1) Consumer survey (recommended questions) <input type="checkbox"/> 4) State criminal justice agency	<input type="checkbox"/> 2) Other Consumer Survey: Please send copy of questions <input type="checkbox"/> 5) Local criminal justice agency
		<input type="checkbox"/> 3) Mental health MIS <input type="checkbox"/> 6) Other (specify) _____
Sources of children/youth criminal justice information:	<input type="checkbox"/> 1) Consumer survey (recommended questions) <input type="checkbox"/> 4) State criminal/juvenile justice agency	<input type="checkbox"/> 2) Other Consumer Survey: Please send copy of questions <input type="checkbox"/> 5) Local criminal/juvenile justice agency
		<input type="checkbox"/> 3) Mental health MIS <input type="checkbox"/> 6) Other (specify) _____
Measure of adult criminal justice involvement:	<input type="radio"/> Arrests	<input type="radio"/> Other: (specify) _____
Measure of children/youth criminal justice involvement:	<input type="radio"/> Arrests	<input type="radio"/> Other: (specify) _____
Mental health programs included:	<input type="checkbox"/> 1) Adults with SMI only <input type="checkbox"/> 1) Children with SED only	<input type="checkbox"/> 2) Other adults (specify) _____ <input type="checkbox"/> 2) Other Children (specify) _____
		<input type="checkbox"/> 3) Both (all adults) <input type="checkbox"/> 3) Both (all Children)
Region for which adult data are reported:	<input type="radio"/> The whole state	<input type="radio"/> Less than the whole state (please describe) _____
Region for which children/youth data are reported:	<input type="radio"/> The whole state	<input type="radio"/> Less than the whole state (please describe) _____
What is the Total Number of Persons Surveyed or for whom Criminal Justice Data Are Reported		
	Child/Adolescents	Adults
1. If data is from a survey, What is the total Number of people from which the sample was drawn?		
2. What was your sample size? (How many individuals were selected for the sample)?		
3. How many survey Contacts were made? (surveys to valid phone numbers or addresses)		
4. How many surveys were completed? (survey forms returned or calls completed) If data source was not a Survey, How many persons were CJ data available for?		
5. What was your response rate? (number of Completed surveys divided by number of Contacts):		
State Comments/Notes:		

Instructions:

If you have responses to a survey by person not in the expected age group, you should include those responses with other responses from the survey. e.g. if a 16 or 17 year old responds to the Adult MHSIP survey, please include their responses in the Adult categories (since that was the survey they used).

Table 19B (MHBG Table 21). Profile of Change in School Attendance:

PLEASE DO NOT ADD, DELETE OR MOVE ROWS, COLUMNS AND/OR CELLS!

1. This is a developmental measure. To assist in the development process, we are asking states to report information on the school attendance outcomes of mental health consumers with their December 2007 MHBG submission.
2. The SAMHSA National Outcome Measure for School Attendance measures the change in days attended over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer Self-Report Items on School Attendance, you may report them here.
3. If your SMHA has data on School Attendance from alternatives sources, you may also report that here. If you only have data for School attendance for consumers in this year, please report that in the T2 columns. If you can calculate the change in Attendance from T1 to T2, please use all these columns.
4. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
5. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected).
