DFAST-14A Summary Schedule Cover Sheet

BANKS SHOULD SUBMIT THE SUMMARY XML FILE AND NOT THIS SUMMARY EXCEL FILE (SEE TECHNICAL INSTRUCTIONS). THIS FILE IS BEING PROVIDED AS A RESOURCE ONLY AND IS NOT INTENDED AS AN OFFICAL REPORTING FORM

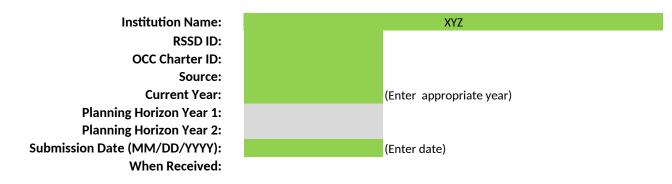

All covered institutions are expected to complete a version of the Summary template for each required scenario - Baseline, Adverse, Severely Adverse, Bank Baseline, and Bank Stress - and additional scenarios that are named accordingly.

Covered institutions should complete all relevant cells in the corresponding worksheets, including this cover page. Covered institutions should not complete any shaded cells.

Please ensure that the data submitted in this Summary Template match what was submitted in other data templates.

Please do not change the structure of this workbook.

Please note that unlike Call Report reporting, all actual and projected income statement figures should be reported on a quarterly basis, and not on a cumulative basis. Any questions should be directed to **DFA165i2.reporting@occ.treas.gov**.

Please indicate the scenario associated with this submission using the following drop-down menu: Baseline

	Balance Sheet		1 1	L 1	1		1 :	L 1	1	
	Footnotes to the Balance Sheet Worksheet									
(1)										

Refers to the balance sheet carrying amount of any equipment or other asset rented to others under operating leases, net of accumulated depreciation. The total should correspond to the amount provided in Call Report Schedule RC-F Line 6, item 14 in the instructions. The amount included should only reflect collateral rented under operating leases and not include collateral subject to capital/ financing type leases.

Standardized Approach (Revised regulatory capital rule, July 2013)											
Balance Sheet Asset Categories											
1 Cash and balances due from depository institutions											
2a Securities (excluding securitizations): Held-to-maturity											
2b Securities (excluding securitizations): Available-for-sale											
3 Federal funds sold											
Loans and leases on held for sale											
4a Residential Mortgage exposures											
4b High Volatility Commercial Real Estate (HVCRE) exposures											
4c Exposures past due 90 days or more on nonaccrual											
4d All other exposures											
Loans and leases, net of unearned income											
5a Residential mortgage exposures											
5b High Volatility Commercials Real Estate (HVCRE) Exposures											
5c Exposures past due 90 days or more on nonaccrual											
5d All other exposures											
6 Trading assets (excluding securitizations that receive standardized charges)											
7a All other assets											
7b Separate account bank-owned life insurance											
7c Default fund contributions to central counterparties											
· · · · · · · · · · · · · · · · · · ·											
On-balance sheet securitization exposures											
8a Held-to-maturity securities											
8b Available-for-sale securities											
8c Trading assets that receive standardized charges											
8d All other on-balance sheet securitization exposures											
9 Off-balance sheet securitization exposures											
10 RWA for Balance Sheet Asset Categories (sum of items 1 though 8d)											
Derivatives and Off-Balance-Sheet Asset Categories (Excluding Securitization Exposures)											
11 Financial standby letters of credit											
12 Performance standby letters of credit and transaction related contingent items											
דב ד כורסו וומותב שנמושטי ובננבוש טו גובעור מוע נו מושמכנוטוו ובומנכע נטוונווצבות ונכוווצ											

13 Commercial and similar letters of credit with an original maturity of one year or less
14 Retained recourse on small business obligations sold with recourse
15 Repo-style transactions
16 All other off-balance sheet liabilities
17a Unused commitments: Original maturity of one year or less, excluding ABCP conduits
17b Unused commitments: Original maturity of one year or less to ABCP
17c Unused commitments: Original maturity exceeding one year
18 Unconditionally cancelable commitments
19 Over-the-counter derivatives
20 Centrally cleared derivatives
21 Unsettled transactions (failed trades)

22 RWA for Assets, Derivatives and Off-Balance-Sheet Asset Categories (sum of items 9 through 21)

23 RWA for purposes of calculating the allowance for loan and lease losses 1.25 percent threshold

Market Risk

24 Value-at-risk(VaR)-based capital requirement

25 Stressed VaR-based capital requirement

26 Debt Positions

27 Equity Positions

Capital requirements for securitization positions using the SSFA or applying a specific risk-weighting 28 factor of 1250 percent

29 Standardized measure of specific risk add-ons (sum of items 26, 27, and 28)

30 Incremental risk charge requirement

31 Modeled comprehensive risk measure

32 Standardized measure of specific risk add-ons for net long correlation trading positions

33 Standardized measure of specific risk add-ons for net short correlation trading positions

34 Standardized measure of specific risk add-ons (greater of item 32 or 33)

35 Surcharge for modeled correlation trading positions (Item 34 multiplied by 0.08)

36 Comprehensive risk capital measure requirement

37 Capital requirement for all de minimis exposures

38 Additional capital requirement

39 Sum of item 37 and 3840 Standardized market risk-weighted assets

Risk-weighted assets before deductions for excess allowance of loan and lease losses and 41 allocated risk transfer risk reserve (sum of items 22 and 40)

42 LESS: Excess allowance for loan and lease losses

43 LESS: Allocated transfer risk reserve

44 Total risk-weighted assets (item 40 minus items 42 and 43)					
Memoranda Items Derivatives	 		 	 	
45 Current credit exposure across all derivative contracts covered by the regulatory capital rule

Projected OTTI for AFS Securities and HTM Securities: XYZ in Baseline

Projected OTTI for AFS Securities and HTM Securities

For each position that incurred a loss in P&L, please state the identifier value for each trade (e.g., CUSIP, ISIN or SEDOL value) and the amount of loss projected (over the entire forecast horizon). Create a separate line item for each position. Total projected losses should reconcile to the total sum of projected losses (across all quarters) provided in the Securities OTTI by Portfolio tab of this schedule. Responses should be provided in \$Millions.

Identifier Value	Actual MM/DD/YYYY Amortized Cost	Credit Loss Portion	Non- Credit Loss Portion	Total OTTI

Projected OTTI for AFS and HTM Securities by Portfolio: XYZ in Baseline

Projected OTTI for AFS and HTM Securities by Portfolio Please provide the credit loss portion and non-credit loss portion of projected OTTI (for relevant portfolios) for the quarters detailed in the tables below. Responses should be provided in \$Millions. Values should be quarterly, not cumulative.

OTTI related to the security's credit loss is recognized in earnings, whereas the OTTI related to other factors (defined as the non-credit loss portion) is included as part of a separate component of other comprehensive income (OCI). For only those securities determined to be other-than-temporarily impaired, banks should provide both projected losses that would be captured in OCI.

Amortized Cost should represent all Securities held, regardless of if they are impaired or not.

Only securities projected to experience an other-than-temporary impairment loss in the P&L should be reported in this tab. OTTI values should be stated as positive values.

Trading Worksheet: XYZ in Baseline

		(A)	(B)	(C)
	P/L Results in \$Millions	Firmwide Trading Total	Contributions from Higher-Order Risks	Firmwide CVA Hedges Total
1	Equity			
2	FX			
3	Rates			
4	Commodities			
5	Securitized Products			
6	Other Credit			
7	Private Equity			
8	Other Fair Value Assets			
9	Cross-Asset Terms			
10) Total			

1-6) The categories above (Equities, FX, Rates, etc.) are NOT meant to denote lines of business or desks, but rather firmwide totals by risk stripe.

5) "Securitized Products" is defined as the contribution to P/L from exposures detailed on the Securitized Products and Agencies worksheets.

6) "Other Credit" is defined as the contribution from all credit products other than those specified on the "Securitized Products" or "Agencies" worksheets.

9) Cross-Asset Terms are those intra-asset risks attributable to the co-movement of mulitple asset classes. For example, an equity option paying off in a foreign currency would have both Equity and FX risk. The P/L due to this co-dependence would be entered into row 9.

(B) Higher order risks are those inter-asset risks attributable to terms not represented in the FR-Y14Q. The highest order term represented in the 14Q will vary based on the specific asset class. For example, the commodity spot vol grids do not capture risks attributable to the co-movement of multiple underlying commodities.

When reporting P/L numbers above, report profits as positive numbers and losses as negative numbers.

Counterparty Risk Worksheet: XYZ in Baseline

\$Millions

Losses should be reported as a positive value.

- 1 Issuer Default Losses (Trading Book)
- 1a Issuer Default losses from securitized products
- 1b Issuer Default losses from other credit sensitive instruments
- 2 Counterparty Credit MTM Losses (CVA losses)
- 2a Counterparty CVA losses
- 2b Offline reserve CVA losses
- 3 Counterparty Default Losses
- 3a Impact of Counterparty Default hedges
- 4 Other Counterparty Losses

Op Risk Scenario Input Worksheet: XYZ in Baseline

For the inputs into each scenario, provide the risk segment and the contribution of those events to the operational loss projection. Provide any supporting information including statistical results, data, summary tables, and additional descriptions in a <u>separate document</u> and cross-reference the document to the respective question/item. Rows should be added if necessary.

(5) By definition, PPNR will calculate as Net Interest Income plus Non-Interest Income less Non-Interest Expense, excluding items broken out in items 40-41.

(6) Report commissions only in "Commissions" line item 28C; do not report commissions in any other compensation line items.

(7) See instructions for guidance on related thresholds. List segments included in this line item.

(8) All operational loss items, including operational losses that are contra revenue amounts or cannot be separately identified, should be reported in the operational risk expense. Any legal consultation or retainer fees specifically linked to an operational risk event should be included in the Operational Risk Expense. Include all Provisions to Litigation Reserves / Liability for Claims related to Sold Residential Mortgages and all Litigation Settlements & Penalties in this line item and not any other items.

(9) List segments from which item was excluded:

(10) Include domestic bank issued credit and charge cards including those that result from a partnership agreement.

- (11) Applies to line items 1A-1F; US and Puerto Rico only.
- (12) Provisions to build any non-litigation reserves/accrued liabilities that have been established for losses related to sold or government-insured residential mortgage loans (first or second lien). Do not report such provisions in any other items; report them only in line items 14N or 30, as applicable.
- (13) Include routine legal expenses (i.e legal expenses not related to operational losses) here.
- (14) Do not report stock based and cash variable pay compensation here.
- (15) Include both direct and allocated expenses. Report any expenses that are made to expand the company's card member and/or merchant base, facilitate greater segment penetration, enhance the perception of the company's credit card brand, and/or increase the utilization of the existing card member base across the spectrum of marketing and advertising mediums.
- (16) Revenues from regions outside the US and Puerto Rico.
- (17) See Instructions for description of standardized Business Segments/Lines. Unless specified otherwise, all numbers are global.
- (18) Gains/(Losses) from the sale of mortgages and home equity originated through all production channels (retail, broker, correspondent, etc.) with the intent to sell. Such gains/losses should include deferred fees and costs that are reported as adjustments to the carrying balance of the sold loan, fair value changes on loan commitments with rate locks that are accounted for as derivatives, fair value changes on mortgage loans held-for-sale designated for fair value treatment, lower-of-cost or market adjustments on mortgage loans held-for-sale not designated for fair value treatment, fair value changes on derivative instruments used to hedge loan commitments and held-of-sale mortgages, and value associated with the initial capitalization of the MSR upon sale of the loan.
- (19) Report changes in the MSR value here and not in any other items. Report changes in the MSR hedges here and not in any other items.
- (20) Include economic amortization or scheduled and unscheduled payments, net of defaults under both FV and LOCOM accounting methods.
- (21) Include MSR changes under both FV and LOCOM accounting methods.
- (22) Among items included here are debit card contra-revenues and overdraft waivers, as applicable.
- (23) Report all Non-Interest Income for Equities Sales and Trading, excluding Prime Brokerage (to be reported as a separate line item) and excluding Commissions and Fees. This includes trading profits and other non-interest non-commission income.
- (24) Banks should not report changes in value of the MSR asset or hedges within the trading book.
- (25) List segments from which item was excluded:
- (26) Exclude result of trading shock exercise (where applicable), as it is reported in item 42.
- (27) List Call Report RI Schedule items in which this item is normally reported although excluded from PPNrconb557

The following cells provide checks of the internal consistency of the PPNR Template schedules. Please ensure that these cells are all "TRUE," or "N/A" before the worksheet is submitted.

Footnotes to the PPNR Metrics Worksheet

(1)	Provide metrics data for all quarters, but only if International Retail and Small Business Segment revenues exceeded 5% of Total Retail and Small Business Segment and Total Retail and Small Business revenue exceeded 5% of total revenues in any of the
	last four actual quarters requested in the PPNR schedule.

- (2) Provide regional breakouts for all quarters but only if international revenue exceeded 5% of the total revenue in any of the last four actual quarters requested in the PPNR schedule.
- (3) Average oustanding principal balance fo residential mortgage loans the bank services for others.
- (4) The Weighted Average Life should reflect the current position, the impact of new business activity, as well as the impact of behavioral assumptions such as prepayments or defaults, based on the expected remaining lives, inclusive of behavioral assumptions. It should reflect the weighted average of time to principal actual repayment (as modeled) for all positions in that portfolio, rounded to the nearest monthly term. For revolving products, the WAL should reflect the underlying repayment behavior assumptions assumed by the institution, which would include contractual repayments, any assumed excess payments or prepayments.
- (5) A rate movement in an environment where the repricing assumption assumed by each of the major deposit products is not restricted by a cap, floor, or zero. Beta should be reported as a balance-weighted average of the betas of the line items that contribute to the roll up point requested, with an as-of date equal to the reporting date.
- (6) Reference PPNR Net Interest Income worksheet for product definitions.
- (7) Corresponds to line item 7C on the Net Interest Income worksheet.
- (8) Include both direct and allocated expenses.
- (9) "Metrics by Business Segment/Line" correspond to Business Segments/Lines on PPNR Submission worksheet, unless explicitly stated otherwise. See Instructions for definitions of standardized Business Segments/Lines. Unless specified otherwise, all numbers are global. Only line items with "Industry Market Size" in the name are industry/market-wide items; all other items are bank-specific.
- (10) Assets under Management
- (11) Provide a relevant headcount number (e.g. financial advisors, portfolio managers) to facilitate the assessment of revenue productivity in the Wealth Management/Private Banking business line.
- (12) Regions outside the US and Puerto Rico.
- (13) Report the grossed up "interest" balances that result from prime brokerage activities.
- (14) List items on PPNR Projections worksheet that include this item if any:
- (15) Full-time equivalent employees at end of current period (RIAD4150) for a given segment only.
- (16) Asia and Pacific region (incl. South Asia, Australia, and New Zealand)
- (17) Europe, Middle East, and Africa
- (18) Latin America, including Mexico
- (19) List Business Segments reported on PPNR Projections Worksheet that include this item if any:
- (20) Refers to the balance sheet carrying amount of any equipment or other asset rented to others under operating leases, net of accumulated depreciation. The total in line item 49 should correspond to the amount provided in Call Report Schedule RC-F Line 6, item 14 in the instructions. The amount included should only reflect collateral rented under operating leases and not include collateral subject to capital/ financing type leases.
- (21) Credit cards (including charge cards). List which line item(s) on PPNR Submission worksheet contain(s) the Cards Rewards/Partner Sharing contra-revenues and/or expenses.
- (22) Applies to line items 1-9; US and Puerto Rico only.

(23) Total domestic mortgages originated during the quarter.

- (24) Call Report name is "Residential Mortgages Sold During the Quarter"; this metric need not be limited to Mortgages and Home Equity business line.
- (25) New business pricing for time deposits refers to the anticipated average rate on newly issued domestic time deposits, including renewals. Given that time deposits have a stated maturity, all time deposits issued for that time period are considered new business.
- (26) The term "curve" refers to the reference rate used to price time deposits. Given that the pricing of time deposits is dependent on the term, the institution should provide the overall curve used to price time deposits. If the institution only assumes a single maturity term for new issuances, complete line 85B and 85C only, otherwise complete line 85A only.
- (27) If the institution only assumes a single maturity term for new issuance, then the institution should provide the relative index and spread used to estimate new business pricing in lieu of the curve.
- (28) A backlog should be based on probability weighted fees. The data should be consistent with historical internal reporting, not by market measurement. The last quarter should be the Bank's latest backlog estimate.
- (29) Provide description of the accounts included in this line item (e.g. Negotiable Order of Withdrawal, Interest Bearing Checking, Non Interest Bearing Demand Deposit Account, Money Market Savings, etc.)

(30) Please break out and explain nature of non-recurring items included in PPNR. Also indicate which items on PPNR Projections worksheet include the items broken out in footnote 32:

(a) Revenues (Net Interest Income + Non Interest Income)

		\$ Million							
		\$ Million							
		\$ Million							
		\$ Million							-
		\$ Million							
Non Interest Exp									_
		\$ Million							
		\$ Million							-
		\$ Million							
		\$ Million							
		\$ Million							
		\$ Million							
		\$ Million							
) For WAL, exclude	e from the reported number Loans Held For Sale								

(32) Note if this item includes any contra-revenues other than Rewards/Partner Sharing (e.g. Marketing Expense Amortization)

Do international revenues exceed 5% of total revenues?
