

Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9089, Washington, DC 20202-0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Clifton Jones, 202-205-2204.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: State Charter School Facilities Incentive Grants Program (1894-0001).

OMB Control Number: 1855-0012.

Type of Review: A reinstatement of a previously approved information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 12.

Total Estimated Number of Annual Burden Hours: 480.

Abstract: The State Charter School Facilities Incentive Grants Program allows States to apply for Federal assistance. These grants are made to States to provide them with an incentive to create new or enhance existing per-pupil facilities aid programs for charter schools. The applicants will provide a description of their proposed activities and provide information necessary to determine which grant applications should be funded. An additional part of

the application consists of assurances regarding the applicant's compliance with applicable Federal laws and regulations. The information provided in the application will allow field readers and the Department of Education to determine if applicants are eligible and identify which applications most merit funding.

Dated: December 6, 2018.

DEPARTMENT OF ENERGY

Proposed Agency Information Collection

AGENCY: Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE) invites public comment on a proposed collection of information that DOE is developing for submission to the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1995.

DATES: Comments regarding this proposed information collection must be received on or before January 10, 2019. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Jay Wrobel, EE-5A/Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585, by fax at (202) 586-9234, or by email at chp@ee.doe.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Jay Wrobel, EE-5A/Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585, by fax at (202) 586-9234, or by email at chp@ee.doe.gov.

SUPPLEMENTARY INFORMATION: This information collection request contains:

(1) 1910-NEW;

(2) *Information Collection Request Title:* Combined Heat and Power (CHP) Packaged System e-Catalog (e-Catalog);

(3) *Type of Request:* New.

(4) *Purpose:* DOE's "CHP Technical Potential in the U.S." shows significant technical potential in commercial buildings and industrial facilities in the < 10MW size range. Due to building characteristic similarities, this size

range is particularly disposed to standardization of CHP systems. The e-Catalog creates a mechanism to take advantage of this standardization including the risk and cost reduction that are expected to ensue. This request for information consists of a voluntary data collection process for e-Catalog participation: to enroll CHP packagers and CHP solutions providers; develop an e-Catalog of packaged CHP systems; and relay the benefits of packaged CHP system performance to industry. Typical respondents are expected to be CHP project developers, CHP designers and packagers, and state and local energy program offices. Each respondent should have experience with compiling the data requested. Participation in the e-Catalog is voluntary, and it is expected that respondents would already have access to the information requested in this collection.

There are four types of information to be collected from primary participants: (1) Background data, including contact information and basic information about the CHP packager's experience with CHP design, durability and performance testing—collected in the CHP Packager Enrollment Form; (2) Background data, including contact information and basic information about the CHP solutions provider's experience with CHP design, durability and performance testing, installation, operation and maintenance—collected in the CHP Solutions Provider Enrollment Form; (3) contact information and program description of market engagement programs that support Packaged CHP systems—collected in the Market Engagement Registration Form; and (4) Information, including packaged system component descriptions, design data, full-load and part-load performance data at three ambient conditions—collected in Packaged CHP System Application Form; Background data will primarily be used as a means to recognize CHP packers and solution providers, and establish the e-Catalog.

(5) *Annual Estimated Number of Respondents:* 50;

(6) *Annual Estimated Number of Total Responses:* 177;

(7) *Annual Estimated Number of Burden Hours:* 739;

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* \$30,506.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the

methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Statutory Authority: Energy Policy Act of 2005 sec 911—Energy Efficiency and sec 106 Voluntary Commitments to Reduce Industrial Energy Intensity.

Issued in Washington, DC on December 4, 2018.

Director, Advanced Manufacturing Office, CHP Deployment Program.

SUPPLEMENTARY INFORMATION:

Summary of Change in Control

The Notice was filed under section 3 of the Natural Gas Act (NGA), 15 U.S.C. 717b. Pieridae US filed a Notice of Change in Control in the above-referenced docket on August 31, 2018.¹ In the Notice, Pieridae US states that it is wholly-owned by Pieridae Energy Limited (Pieridae). Pieridae US further states that, during July 2018, Electron Capital Partners, LLC (a Delaware corporation), either alone or together with Electron Global Master Fund, L.P. (collectively, Electron) acquired beneficial ownership of, or exercised control or direction over, 10% or more of all issued and outstanding common shares of Pieridae. As of July 31, 2018, Electron beneficially owned, or exercised control or direction over, 7,127,775 common shares of Pieridae, representing approximately 14.1% of Pieridae's issued and outstanding common shares.²

Additional details can be found in the Notice, posted on the DOE/FE website at: https://www.energy.gov/sites/prod/files/2018/09/f55/CIC%2008_31_18.pdf.

DOE/FE Evaluation

DOE/FE will review Pieridae US's Notice in accordance with its Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Procedures).³ Consistent with the CIC Procedures, this notice addresses only the proceeding in which Pieridae US has been granted final authorization to export liquefied natural gas (LNG) to countries with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in

natural gas (non-FTA countries). The affected proceeding is FE Docket No. 14-179-LNG. If no interested person protests the change in control and DOE takes no action on its own motion, the change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the proposed change in control has been demonstrated to render the underlying authorization inconsistent with the public interest.

Public Comment Procedures

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** in order to move to intervene, protest, and answer Pieridae US's Notice. Protests, motions to intervene, notices of intervention, and written comments are invited only as to the change in control described in the Notice.⁴ All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) Preferred method: emailing the filing to fergas@hq.doe.gov, with the individual FE Docket Number(s) in the title line, or Pieridae Change in Control in the title line to include all applicable dockets in this Notice; (2) mailing an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**. All filings must include a reference to the individual FE Docket Number(s) in the title line, or Pieridae Change in Control in the title line to include all applicable dockets in this Notice. *Please Note:* If submitting a filing via email, please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of

¹ Pieridae Energy (USA) Ltd., FE Docket No. 14-179-LNG, Notice of Change in Control (Aug. 31, 2018).

² Pieridae US is advised that its described change in control may also require the approval of the Committee on Foreign Investment in the United States (CFIUS). DOE expresses no opinion regarding the need for review by CFIUS. Additional information may be obtained at: <https://home.treasury.gov/policy-issues/international/the-committee-on-foreign-investment-in-the-united-states-cfius>.

³ 79 FR 65541 (Nov. 5, 2014).

⁴ Intervention, if granted, would constitute intervention only in the change in control portion of this proceeding, as described herein.
