

personnel. Access to computer rooms is restricted to authorized operational personnel through electronic locking devices. All other persons provided access to computer rooms are escorted.

(d) Employee production records are identified by the confidential BDN and VETSNET employee identification number, and are protected by management/supervisory personnel from unauthorized disclosure in the same manner as other confidential records maintained by supervisors.

2. BDN, Virtual VA, VETSNET, and VBMS System Security:

(a) Usage of the BDN, Virtual VA, Corporate WINRS, VETSNET, and VBMS systems is protected by the usage of "login" identification passwords and authorized function passwords. The passwords are changed periodically. These same protections apply to remote access users.

(b) At the data processing centers, identification of magnetic tapes and disks containing data is rigidly enforced using labeling techniques. Automated storage media, which are not in use, are stored in tape libraries, which are secured in locked rooms. Access to programs is controlled at three levels: Programming, auditing and operations. Access to the data processing centers where HUD maintains CAIVRS is generally restricted to center employees and authorized subcontractors. Access to computer rooms is restricted to center employees and authorized operational personnel through electronic locking devices. All other persons granted access to computer rooms are escorted. Files in CAIVRS use social security numbers as identifiers. Access to information files is restricted to authorized employees of participating agencies and authorized employees of lenders who participate in the agencies' programs. Access is controlled by agency distribution of passwords. Information in the system may be accessed by use of a touch-tone telephone by authorized agency and lender employees on a "need-to-know" basis.

Record Access Procedures: Veterans and authorized parties have a statutory right to request a copy of or an amendment to a record in VA's possession at any time under the Freedom of Information Act (FOIA) and the Privacy Act (PA). VA has a decentralized system for fulfilling FOIA and PA requests. The type of information or records an individual is seeking will determine the location to which a request should be submitted. For records contained within a VA claims folder (Compensation and Pension claims), or military service

medical records in VA's possession, the request will be fulfilled by the VA Records Management Center. Authorized requestors should mail or fax their Privacy Act or FOIA requests to: Department of Veterans Affairs, Claims Intake Center, P.O. Box 4444, Janesville, WI 53547-4444, Fax: 844-531-7818, DID: 608-373-6690.

For other benefits records maintained by VA (to include Vocational Rehabilitation & Employment, Insurance, Loan Guaranty or Education Service) submit requests to the FOIA/Privacy Act Officer at the VA Regional Office serving the individual's jurisdiction. Address locations for the nearest VA Regional Office are listed at VA Locations Link. Any individuals who have questions about access to records may also call 1-800-327-1000.

CONTESTING RECORD PROCEDURES:

(See Record access procedures above.)

Notification Procedures: Any individual, who wishes to determine whether a record is being maintained in this system under his or her name or other personal identifier, or wants to determine the contents of such record, should submit a written request or apply in person to the nearest VA regional office or center. Address locations are listed at https://www.va.gov/landing2_locations.htm.

VA employees wishing to inquire whether the system of records contains employee productivity information about themselves should contact their supervisor at the regional office or center of employment.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

There is no category of records in this system that has been identified as exempt from any section of the Privacy Act.
