

Poultry Litter Nutrient Distribution Survey

United States Department of Agriculture
National Agricultural Statistics Service

If you have already completed the Poultry Litter Nutrient Distribution Survey, thank you! If not, please take a few minutes to do so and mail the completed survey by May XX, 2020.

The U.S. Department of Agriculture's National Agricultural Statistics Service (NASS) is conducting this survey to better utilize poultry litter nutrients as a fertilizer for crop production and to improve the distribution of poultry litter across the Delmarva and throughout grain producing regions of Delaware, Maryland, Pennsylvania, and Virginia. We guarantee that your individual responses will be kept confidential as required by federal law.
