Office of Public Health Scientific Services

Subject: ICR OMB 0920-0017 Application For Training
2018 Request for Revision
Research Determination

To: Jeffrey M. Zirger, PhD
Acting Chief, Information Collection Review Office
Office of Scientific Integrity
Office of the Associate Director for Science
Office of the Director

Based on the description and justification for the **Application for Training** activities, and the definition of research defined by Federal Policy for the Protection of Human Subjects (45 CFR 46), the request to collect and manage the accreditation process for educational developers (health educators) and develop educational activities for public health and health care professionals seeking continuing education, is not considered human subjects research, and therefore does not require IRB review or approval.

If questions exist regarding the non research determination or need for IRB review, please contact me at (404)498-6551 or fec2@cdc.gov
