

Privacy Impact Assessment Form

v 1.21

Status Form Number Form Date

Question

Answer

1 OPDIV:

CDC

2 PIA Unique Identifier:

0920-18AQQ

2a Name:

HIV Prevention Among Latina Transgender Women Who Have S

3 The subject of this PIA is which of the following?

- General Support System (GSS)
 Major Application
 Minor Application (stand-alone)
 Minor Application (child)
 Electronic Information Collection
 Unknown

3a Identify the Enterprise Performance Lifecycle Phase of the system.

Initiation

3b Is this a FISMA-Reportable system?

- Yes
 No

4 Does the system include a Website or online application available to and for the use of the general public?

- Yes
 No

5 Identify the operator.

- Agency
 Contractor

6 Point of Contact (POC):

POC Title
 POC Name
 POC Organization
 POC Email
 POC Phone

7 Is this a new or existing system?

- New
 Existing

8 Does the system have Security Authorization (SA)?

- Yes
 No

8b Planned Date of Security Authorization

 Not Applicable

8c	Briefly explain why security authorization is not required	Not applicable
10	Describe in further detail any changes to the system that have occurred since the last PIA.	Not applicable
11	Describe the purpose of the system.	The purpose of the system is to evaluate the efficacy of ChiCAS (Chicas Creando Acceso a la Salud [Chicas: Girls Creating Access to Health]), a two-session Spanish language intervention that provides human immunodeficiency virus (HIV) prevention services to Hispanic/Latina adult transgender women who have sex with men.
12	Describe the type of information the system will collect, maintain (store), or share. (Subsequent questions will identify if this information is PII and ask about the specific data elements.)	<p>The type of information the system will collect, maintain, and share includes name, Email address, phone numbers, Facebook name/alias, gender identity, race/ethnicity, employment status, mailing address, contact information for two personal contacts, sex at birth, age, education history, country of origin, and number of years of United States (US) residency.</p> <p>The system will also collect information on participant identifications (IDs), participants' experienced barriers to accessing health care, results of their most recent HIV test, use of hormone therapy and location and contact information for the prescribing physician and supplying pharmacy, knowledge about HIV, other sexually transmitted diseases and pre-exposure prophylaxis (PrEP), their sexual experiences and drug and alcohol use, and their social support systems in the US, and consistent condom use and the use of PrEP and medically supervised hormone therapy, participant attendance at intervention sessions, and digital recordings of interviews.</p>
13	Provide an overview of the system and describe the information it will collect, maintain (store), or share, either permanently or temporarily.	<p>Any and all contact information will be collected, maintained, and/or shared to facilitate contacting study participants during the course of the study as well as to administer interviews and follow-up assessments. Contact information of participants' friends and family will be used should participants become difficult to find.</p> <p>All data will be collected, maintained, and shared in order to analyze and examine participant exposure to the intervention during its implementation.</p> <p>Participant's digital recordings of interviews will be maintained temporarily until transcribed. Once transcribed, digital recordings are destroyed.</p>
14	Does the system collect, maintain, use or share PII?	<input checked="" type="radio"/> Yes <input type="radio"/> No

<p>15 Indicate the type of PII that the system will collect or maintain.</p>	<table border="0"> <tr> <td><input type="checkbox"/> Social Security Number</td> <td><input type="checkbox"/> Date of Birth</td> </tr> <tr> <td><input checked="" type="checkbox"/> Name</td> <td><input type="checkbox"/> Photographic Identifiers</td> </tr> <tr> <td><input type="checkbox"/> Driver's License Number</td> <td><input type="checkbox"/> Biometric Identifiers</td> </tr> <tr> <td><input type="checkbox"/> Mother's Maiden Name</td> <td><input type="checkbox"/> Vehicle Identifiers</td> </tr> <tr> <td><input checked="" type="checkbox"/> E-Mail Address</td> <td><input checked="" type="checkbox"/> Mailing Address</td> </tr> <tr> <td><input checked="" type="checkbox"/> Phone Numbers</td> <td><input type="checkbox"/> Medical Records Number</td> </tr> <tr> <td><input type="checkbox"/> Medical Notes</td> <td><input type="checkbox"/> Financial Account Info</td> </tr> <tr> <td><input type="checkbox"/> Certificates</td> <td><input type="checkbox"/> Legal Documents</td> </tr> <tr> <td><input type="checkbox"/> Education Records</td> <td><input type="checkbox"/> Device Identifiers</td> </tr> <tr> <td><input type="checkbox"/> Military Status</td> <td><input checked="" type="checkbox"/> Employment Status</td> </tr> <tr> <td><input type="checkbox"/> Foreign Activities</td> <td><input type="checkbox"/> Passport Number</td> </tr> <tr> <td><input type="checkbox"/> Taxpayer ID</td> <td><input type="text" value="Facebook name/alias"/></td> </tr> <tr> <td><input type="text" value="Race/ethnicity"/></td> <td><input type="text" value="Age"/></td> </tr> <tr> <td><input type="text" value="Sex at birth"/></td> <td><input type="text" value="Country of origin"/></td> </tr> </table>	<input type="checkbox"/> Social Security Number	<input type="checkbox"/> Date of Birth	<input checked="" type="checkbox"/> Name	<input type="checkbox"/> Photographic Identifiers	<input type="checkbox"/> Driver's License Number	<input type="checkbox"/> Biometric Identifiers	<input type="checkbox"/> Mother's Maiden Name	<input type="checkbox"/> Vehicle Identifiers	<input checked="" type="checkbox"/> E-Mail Address	<input checked="" type="checkbox"/> Mailing Address	<input checked="" type="checkbox"/> Phone Numbers	<input type="checkbox"/> Medical Records Number	<input type="checkbox"/> Medical Notes	<input type="checkbox"/> Financial Account Info	<input type="checkbox"/> Certificates	<input type="checkbox"/> Legal Documents	<input type="checkbox"/> Education Records	<input type="checkbox"/> Device Identifiers	<input type="checkbox"/> Military Status	<input checked="" type="checkbox"/> Employment Status	<input type="checkbox"/> Foreign Activities	<input type="checkbox"/> Passport Number	<input type="checkbox"/> Taxpayer ID	<input type="text" value="Facebook name/alias"/>	<input type="text" value="Race/ethnicity"/>	<input type="text" value="Age"/>	<input type="text" value="Sex at birth"/>	<input type="text" value="Country of origin"/>
<input type="checkbox"/> Social Security Number	<input type="checkbox"/> Date of Birth																												
<input checked="" type="checkbox"/> Name	<input type="checkbox"/> Photographic Identifiers

In Progress

23 Identify the sources of PII in the system.

Directly from an individual about whom the information pertains

- In-Person
- Hard Copy: Mail/Fax
- Email
- Online
- Other

Government Sources

- Within the OPDIV
- Other HHS OPDIV
- State/Local/Tribal
- Foreign
- Other Federal Entities
- Other

Non-Government Sources

- Members of the Public
- Commercial Data Broker
- Public Media/Internet
- Private Sector
- Other

23a Identify the OMB information collection approval number and expiration date.

24 Is the PII shared with other organizations?

Yes

No

24a Identify with whom the PII is shared or disclosed and for what purpose.

- Within HHS
- Other Federal Agency/Agencies
- State or Local Agency/Agencies
- Private Sector

24b Describe any agreements in place that authorizes the information sharing or disclosure (e.g. Computer Matching Agreement, Memorandum of Understanding (MOU), or Information Sharing Agreement (ISA)).

24c Describe the procedures for accounting for disclosures

<p>25 Describe the process in place to notify individuals that their personal information will be collected. If no prior notice is given, explain the reason.</p>	<p>Potential study participants will receive a consent form as part of an informed consent process.</p> <p>Grantees also will describe data types that will be collected to participants before study activities begin.</p> <p>All information collection and maintenance will be done by grantees; Centers for Disease Control and Prevention (CDC) project staff will neither interact with study participants nor participate in the collection of participants' information.</p>	
<p>26 Is the submission of PII by individuals voluntary or mandatory?</p>	<p><input checked="" type="radio"/> Voluntary <input type="radio"/> Mandatory</p>	
<p>27 Describe the method for individuals to opt-out of the collection or use of their PII. If there is no option to object to the information collection, provide a reason.</p>	<p>Grantees will explain that participants have the right to decline participation at the time of consent and at any time during any study activity.</p>	
<p>28 Describe the process to notify and obtain consent from the individuals whose PII is in the system when major changes occur to the system (e.g., disclosure and/or data uses have changed since the notice at the time of original collection). Alternatively, describe why they cannot be notified or have their consent obtained.</p>	<p>Grantees will explain to participants that it is the grantees who will be in possession of participants' contact information, and that they will contact participants in the event of major changes to the system and/or use of participant's PII.</p> <p>Should major system changes actually occur, an Institutional Review Board (IRB) amendment will be drafted and a determination made about whether the system changes necessitate (1) updating the consent form and/or (2) contacting participants to update them about protocol changes.</p>	
<p>29 Describe the process in place to resolve an individual's concerns when they believe their PII has been inappropriately obtained, used, or disclosed, or that the PII is inaccurate. If no process exists, explain why not.</p>	<p>Grantees will explain to participants during the informed consent process ways participants can raise any concerns about the handling of their PII at any time during the study.</p> <p>Individuals concerned about breaches in confidentiality or misuse of PII may contact the Wake Forest School of Medicine or the Chairman of the IRB. These individuals' phone numbers are provided to participants during the informed consent process.</p> <p>After being informed of study-related privacy issues, the institutional chief privacy officer charges a team of staff to investigate privacy-related issues. This investigation includes interviews with the PI, study team, and research participant/complainant; and review of all study procedures, consent procedures, and deviations. Subsequently, the chief privacy officer writes a report that is filed with the grantee and meets with the study team to review the report. The team in turn adheres to the recommended actions.</p>	

30 Describe the process in place for periodic reviews of PII contained in the system to ensure the data's integrity, availability, accuracy and relevancy. If no processes are in place, explain why not.

Integrity: Data access will be limited strictly to grantees based on secure storage procedures for all paper forms and electronic files handling.

Accuracy: Each paper assessment questionnaire is scanned and immediately validated by comparing the scanned document to the original questionnaire to ensure no mistakes or errors are made during the scanning process. Once validated, the dataset will be non-editable. Transcripts of all digital recordings will be compared to the recordings to ensure no mistakes or errors occurred. Corrections will be made as needed. Once validated, the dataset will be non-editable.

Availability: PII, datasets, and transcripts will be maintained by grantees. CDC will receive a copy of de-identified aggregate study data at the end of the study, and we will make the aggregate data available for potential analysis by third parties based on conditions specified in a data sharing agreement.

Relevancy: CDC will collaborate with grantees to identify variables and measures needed for the study, thereby avoiding the collection of data that are not relevant to study objectives.

31 Identify who will have access to the PII in the system and the reason why they require access.

Users

Administrators

Developers

Contractors

Others

32 Describe the procedures in place to determine which system users (administrators, developers, contractors, etc.) may access PII.

Elements of PII in the system are accessible only by grantee administrators with authorized credentials.

33 Describe the methods in place to allow those with access to PII to only access the minimum amount of information necessary to perform their job.

Separate locked cabinets will house paper forms with PII. The hard-copy-only document linking PII to datasets is stored and locked separately from all other data, accessible by one senior administrator authorized to handle and view it.

34 Identify training and awareness provided to personnel (system owners, managers, operators, contractors and/or program managers) using the system to make them aware of their responsibilities for protecting the information being collected and maintained.

Before any data are collected, grantees will be trained in IRB, informed consent procedures, conducting the rapid INSTI test, and collecting sensitive health data. Also, all study staff conducting human subjects research are required to complete an online certification every three years.

35 Describe training system users receive (above and beyond general security and privacy awareness training).

Grantees will receive supplemental training on collecting data on issues specific to transgender persons. Team members also will attend agency-specific human subjects and client confidentiality trainings.

36 Do contracts include Federal Acquisition Regulation and other appropriate clauses ensuring adherence to privacy provisions and practices?

Yes

No

<p>37 Describe the process and guidelines in place with regard to the retention and destruction of PII. Cite specific records retention schedules.</p>	<p>Study records containing PII will be destroyed no later than three years following the closure of the study in accordance with the study protocol.</p>
--	---

<p>38 Describe, briefly but with specificity, how the PII will be secured in the system using administrative, technical, and physical controls.</p>	<p>Administrative: Assessment data cannot be accessed based on PII, and access to study data will be limited to key grantees. Public access to de-identified study data after completion of the study and the reporting of study results will be determined by a study data sharing and data use agreement.</p> <p>Technical: Digital recordings of interviews will be destroyed by erasing after the recording transcriptions are verified. Completed assessments will be scanned, uploaded, and saved in a password-protected, secure network. No PII will be linked to participants' assessment data, and assessment data will be stored separately using randomly assigned, unique identification numbers for each participant. Only authorized study staff with credentials will be able to access study data housed electronically. Once logged into the system with credentials, the system will automatically logout a user if a period of inactivity occurs. Network servers are equipped with back-up servers, two firewalls, and encryption for added security.</p> <p>Physical: All systems are securely controlled in new state-of-the-art data center, which has limited access through badge access. PII portions of the system are paper-based and will not be stored electronically. Paper forms will be de-identified and uploaded and stored electronically. Only de-identified data will be stored in electronic format. Documents containing PII will be locked in a file cabinet, accessible only by authorized study staff. Records containing PII will be destroyed no later than three years after closure of the study in accordance with the study protocol.</p>

REVIEWER QUESTIONS: The following section contains Reviewer Questions which are not to be filled out unless the user is an OPDIV Senior Officer for Privacy.

Reviewer Questions		Answer
1	Are the questions on the PIA answered correctly, accurately, and completely?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Reviewer Notes		
2	Does the PIA appropriately communicate the purpose of PII in the system and is the purpose justified by appropriate legal authorities?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Reviewer Notes		
3	Do system owners demonstrate appropriate understanding of the impact of the PII in the system and provide sufficient oversight to employees and contractors?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Reviewer Notes		

Reviewer Questions		Answer
4	Does the PIA appropriately describe the PII quality and integrity of the data?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
5	Is this a candidate for PII minimization?	<input type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
6	Does the PIA accurately identify data retention procedures and records retention schedules?	<input type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
7	Are the individuals whose PII is in the system provided appropriate participation?	<input type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
8	Does the PIA raise any concerns about the security of the PII?	<input type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
9	Is applicability of the Privacy Act captured correctly and is a SORN published or does it need to be?	<input type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
10	Is the PII appropriately limited for use internally and with third parties?	<input type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
11	Does the PIA demonstrate compliance with all Web privacy requirements?	<input type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
12	Were any changes made to the system because of the completion of this PIA?	<input type="radio"/> Yes <input type="radio"/> No
Reviewer Notes	<input type="text"/>	
General Comments	<input type="text"/>
