TITLE OF INFORMATION COLLECTION:

Centers for Disease Control and Prevention’s National Contact Center (CDC-INFO) Web-based Satisfaction Survey (for Individual Respondents Who Send Email Inquiries)

PURPOSE:

The Centers for Disease Control and Prevention (CDC) seeks to obtain approval to conduct surveys of customers who email the CDC National Contact Center (CDC-INFO) with health questions. CDC-INFO offers CDC health information in English and Spanish, to the general public and health care professionals who email the contact center through a web form (<https://wwwn.cdc.gov/dcs/ContactUs/Form>). The email survey will be programmed in Survey Monkey or comparable tool, and accessible through a hyperlink on the agent’s response email; the survey will collect customer feedback on satisfaction with help received, how they intend to use the information, and customer demographic information.

Once the information is collected, CDC-INFO staff will analyze the survey data to

- Monitor satisfaction with CDC-INFO responses, and improve program performance.
 - Lower than expected thresholds of reported customer satisfaction with their experience and responses received (whether their health question was answered) will be addressed through internal improvement of prepared CDC responses and call flows for call agents.
- Assess CDC-INFO impact by measuring intent to change behavior based on call information. Email inquirers will be asked if they intended to use the information received to make a positive health behavior change (if applicable), and be able to further elaborate on their answer through a follow-up open-ended question.
- Understand demographics of individuals emailing CDC-INFO for health information, for potential targeted health messaging, and assessing effectiveness of email as a medium for reaching the public with health information.

DESCRIPTION OF RESPONDENTS:

Participation in the CDC-INFO email survey is optional. Since 2006, the contact center has received more than 4.5 million phone and email inquiries from both Spanish and English speakers in the United States. Most inquiries are from the general public. Other customers usually include healthcare professionals, health departments and clinics, and international travelers. In 2018, CDC-INFO received an upper limit of 2,400 email inquiries from the general public and 1,000 email inquiries from individuals in healthcare or public health settings each month. Since the email survey was implemented, we receive a response rate of about 1%.

Instructions for completing Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback”

TITLE OF INFORMATION COLLECTION: Provide the name of the collection that is the subject of the request. (e.g. Comment card for soliciting feedback on xxxx)

PURPOSE: Provide a concise description of the purpose of this collection and how it will be used. If this is part of a larger study or effort, please include this in your explanation.

DESCRIPTION OF RESPONDENTS: Provide a concise description of the targeted group or groups for this collection of information. These groups must have experience with the program.

TYPE OF COLLECTION: Check one box. If you are requesting approval of other instruments under the generic, you must complete a form for each instrument. The ‘Other’ category should be used only in the contexts in which the provided categories cannot reasonably apply.

CERTIFICATION: Please read the certification carefully. If you incorrectly certify, the collection will be returned as improperly submitted or it will be disapproved.

Personally Identifiable Information: Provide answers to the questions.

Gifts or Payments: As a general matter, incentives are not appropriate for customer service collections; however, incentives may be appropriate for focus groups or in-depth usability studies, especially when participants must travel to a site to participate. In the latter circumstance, the incentive should include travel costs. Customary incentives for focus groups in the Federal government are \$40 for a one-hour interview and \$75 for a 90-minute focus group. If you answer yes to the question, please describe the incentive and provide a justification for amounts other than those cited above; justifications should be limited to Federal studies of a similar design and subpopulation.

BURDEN HOURS:

Category of Respondents: Identify who you expect the respondents to be in terms of the following categories: (1) Individuals or Households; (2) Private Sector; (3) State, local, or tribal governments; or (4) Federal Government. Only one type of respondent can be selected.

No. of Respondents: Provide an estimate of the Number of respondents.

Participation Time: Provide an estimate of the amount of time required for a respondent to participate (e.g. fill out a survey or participate in a focus group)

Burden: Provide the Annual burden hours: Multiply the Number of responses and the participation time and divide by 60.

FEDERAL COST: Provide an estimate of the annual cost to the Federal government.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents. Please provide a description of how you plan to identify your potential group of respondents and how you will select them. If the answer is yes, to the first question, you may provide the sampling plan in an attachment.

Administration of the Instrument: Identify how the information will be collected. More than one box may be checked. Indicate whether there will be interviewers (e.g. for surveys) or facilitators (e.g., for focus groups) used.

Please make sure that all instruments, instructions, and scripts are submitted with the request.
