2. About this Screen Package

This screen package is intended to provide snapshots of the various possible states of the iAppeals screens.

There are some global changes for the prototype which are not reflected in this document.

1. There has been a change to the instructional text for dates. The UXG recommendation:
 “Enter the closest date [you] can remember. Examples: 6/2/2013; June 2013; Summer 2013.”

will be changed in production to:

“If the exact date is unknown, enter an approximate date. Examples: 6/2/2013; June 2013; Summer 2013.”

2. There has been a change to the field label and instructional text for side effects (for medicines). The UXG recommendation:

Describe any side effects Sarah Jones experienced while taking this medicine:

will be changed in production to:

Describe any side effects Sarah Jones has while taking this medicine:

If none, enter "None"

There are some additional minor inconsistencies (typographical errors) in the prototype that are incidental and immaterial to the OMB approval process. The work effort of correcting the inconsistencies within the prototype is prohibitively great, but these errors will be corrected in the production version of the application.

Medical Release Form

In order to make a decision about this disability claim, we need to obtain your:

- Medical Records
- Educational Records
- Other information related to your ability to perform tasks

We will help get required records with permission. Signing the Medical Release Form (Authorization to Disclose Information to the Social Security Administration) is voluntary, but failing to sign it, or revoking it before we receive necessary information, could prevent an accurate or timely decision on the claim, and could result in denial or loss of benefits.

Please read the [Medical Release Form](#) and make a selection below.

I voluntarily authorize and request disclosure of all my medical records; also educational records and other information related to my ability to perform tasks. I agree to:

Electronically sign the Medical Release. My electronic signature is the same as my handwritten signature. (Recommended)

Print, sign and mail a paper copy of the Medical Release Form. I understand this may delay the processing of my disability claim.
