Attachment 3 – 2018 Survey of State Criminal History Information Systems

OMB No. 0000-0000: Approval Expires [00/00/00]

Survey of State Criminal History Information Systems, 2018

Since 1989, the *Survey of State Criminal History Information Systems* has been used to collect the nation's most complete, comprehensive and relevant data on the number and status of state-maintained criminal history records and on the increasing number of operations and services involving noncriminal justice background checks provided by the state repositories. This data collection is supported by Cooperative Agreement No. 2015-RU-BX-K001 awarded by the Bureau of Justice Statistics, Office of Justice Programs, U.S. Department of Justice. **Please note: Completion of the survey is voluntary; however, doing so is a special condition placed on all National Criminal History Improvement Program (NCHIP) and NICS Act Record Improvement Program (NARIP) awards.**

If you use the online survey tool, accessible at <http://www.search.org/surveys/repository/>, to enter 2018 data, you can view previously submitted 2016 data for comparison purposes. Where applicable, your state's 2016 responses are displayed in color within each section of the online survey. It is hoped that this information will help you complete the survey more accurately and efficiently. **The cover letter provides the password to gain access to your state's online survey.** Direct your questions or comments to SEARCH staff Dennis DeBacco at 775-412-1950 or dennis@search.org.

If it is more convenient, you may request a PDF copy of the survey, complete it manually, and fax (916-392-8440) or e-mail it to the attention of Dennis DeBacco at dennis@search.org. **The deadline for survey submission is [date].**

The survey is divided into five sections. You may submit each section independently and not necessarily in the order presented. This is done so that different people on your repository's staff may submit the data for which they are responsible. **Repository directors are responsible to see that the survey is submitted in its entirety.** Please note the following:

1. All reported data should be for calendar year 2018, or as of December 31, 2018.
2. The term "felony" includes any crime classified as a felony under your state's laws. These offenses are generally punishable by a term of incarceration in excess of one year. If your state's laws do not use the term "felony," please substitute functional equivalents, such as class 1, 2, 3 and 4 offenses in New Jersey and class A, B and C offenses in Maine.
3. Questions that seek responses based on a "legal requirement" refer *only* to a *state statute* or a *state administrative regulation having the force of law*.
4. If additional space is needed, please use the "Additional Comments" area at the end of each section.
5. Please use the "Additional Comments" area at the end of each section to provide explanatory notes for responses that require explanation or when "no data is available," and to describe significant changes between the current response and data reported in the 2016 survey.
6. If a question is not applicable to your repository, **please note the question number and indicate "NA" in the "Additional Comments" area at the end of each section.**

Burden Statement

Under the Paperwork Reduction Act, we cannot ask you to respond to a collection of information unless it displays a currently valid OMB control number. The survey will be sent to criminal history repositories in 56 jurisdictions, including the 50 States, the District of Columbia, American Samoa, Guam, the Northern Mariana Islands, Puerto Rico and the U.S. Virgin Islands. The average time required for each agency to complete the survey is estimated at 6.75 hours. Send comments regarding this burden estimate or any aspect of this survey, including suggestions for reducing this burden, to the

Survey of State Criminal History Information Systems, 2016

Since 1989, the *Survey of State Criminal History Information Systems* has been used to collect the nation's most complete, comprehensive and relevant data on the number and status of state-maintained criminal history records and on the increasing number of operations and services involving noncriminal justice background checks provided by the state repositories. This data collection is supported by Cooperative Agreement No. 2015-RU-BX-K0001 awarded by the Bureau of Justice Statistics, Office of Justice Programs, U.S. Department of Justice. **Please note:** Completion of the survey is voluntary; however, doing so is a special condition placed on all National Criminal History Improvement Program (NCHIP) and NICS Act Record Improvement Program (NARIP) awards.

Respondents using the online survey tool, accessible at <http://www.search.org/surveys/repository/>, to enter 2016 data can view previously submitted 2014 data for comparison purposes. Where applicable, your state's 2014 responses are displayed in color within each section of the online survey. It is hoped that this information will help respondents complete the survey more accurately and efficiently. **The cover letter provides the password to gain access to your state's online survey.** Direct your questions or comments to SEARCH staff Dennis DeBacco at 775-412-1950 or dennis@search.org.

If more convenient, you may print the survey sections, complete them manually, and fax (916-392-8440) or mail them to the attention of Dennis DeBacco at SEARCH, 1900 Point West Way, Suite 275, Sacramento, CA 95815. **The deadline for survey submission is March 17, 2017.**

The survey is divided into six sections. You may submit each independently and not necessarily in the order presented. This is done so that different people on your repository's staff may submit the data for which they are responsible. **Repository directors are responsible to see that the survey is submitted in its entirety.** Please note the following:

1. All reported data should be for calendar year 2016, or as of December 31, 2016.
2. The term "felony" includes any crime classified as a felony under your state's laws. These offenses are generally punishable by a term of incarceration in excess of one year. If your state's laws do not use the term "felony," please substitute functional equivalents, such as class 1, 2, 3 and 4 offenses in New Jersey and class A, B and C offenses in Maine.
3. Questions that seek responses based on a "legal requirement" refer *only* to a state statute or a state administrative regulation having the force of law.
4. If additional space is needed, please use the "Additional Comments" area at the end of each section.
5. Please use the "Additional Comments" area at the end of each section to provide explanatory notes for responses that require explanation or when "no data is available," and to describe significant changes between the current response and data reported in the 2014 survey.
6. If a question is not applicable to your repository, please indicate "NA" in the "Additional Comments" area at the end of each section.

MEMORANDUM

Date: TBD
To: Directors, State Criminal Record Repositories
From: Devon B. Adams
Chief, Criminal Justice Data Improvement Program
Subject: Survey of Criminal History Information Systems

I am writing to seek your assistance in providing information to the Bureau of Justice Statistics (BJS), U.S. Department of Justice, on the status of state-held criminal records. Approximately every two years since 1989, the *Survey of State Criminal History Information Systems* has captured a snapshot of the continuing growth, ongoing improvements, and practices associated with initiating and updating state criminal records. As in previous years, your response to this survey is voluntary; however, doing so is a special condition placed on all National Criminal History Improvement Program (NCHIP) and NICS Act Record Improvement Program (NARIP) awards.

Survey responses will be compiled by SEARCH, The National Consortium for Justice Information and Statistics. A copy of the 2018 survey questionnaire is attached. A password-protected section of the SEARCH Web site is available for those states that wish to provide their survey responses online. Responses should reflect conditions as of ***December 31, 2018***. Those wishing to use the online response option to fill out the survey are urged to visit <http://www.searchgroup.org/surveys/repository/> and use your state's assigned password **XXXXX** to gain access. The online survey allows each section to be completed independently by the appropriate staff person. Respondents using the online survey tool to enter 2018 data can view previously submitted 2016 data for comparison purposes. Where applicable, your state's 2016 responses are displayed in color within each section of the online survey.

Statistical data presented in past surveys has supported and provided insight to both State and Federal legislative efforts that involve the use of criminal history records. Prominent among these is the Brady Handgun Violence Prevention Act, which mandated the development of the National Instant Criminal Background Check System (NICS). Further, the survey provides trend data demonstrating the correlation between continuing federal funding incentives such as the BJS-administered NCHIP and NARIP Program awards and documented results.

Your past cooperation and assistance with this effort has provided a wealth of useful data for law- and policymakers, researchers, justice practitioners, and others who depend on survey data to craft responsible laws, policies, and procedures, and to prepare informative reports and educational materials. The published 2016 survey is available at <https://www.ncjrs.gov/pdffiles1/bjs/grants/251516.pdf>.

Your contributions to the Web-enabled *Survey of State Criminal History Information Systems* make it a useful resource to users both within and outside of the criminal justice community.

Please contact SEARCH staff Dennis DeBacco at 775-412-1950 (email: dennis@search.org) if you have any questions or comments about the survey, or if you would like details on how to submit the survey via fax or mail. **We ask that you submit your survey responses by XXXX, 2019.** Thank you in advance for your assistance and cooperation with this important effort.
