

Appendix 4: Identity Theft Supplement Questionnaire – v2 Cognitive Testing Protocol – Spring 2020

On behalf of the Bureau of Justice Statistics (BJS), I would like to thank you for taking the time to speak with me today. I greatly appreciate it.

Purpose: The purpose of this interview is to ask you questions about your experiences with being a victim of identity theft. We are hoping to get your feedback and opinions on these questions so we may improve them.

Procedure: Even though we're speaking on video, I am going to ask you questions as if I were an interviewer who came to your house. I would like you to please answer these questions to the best of your knowledge and know that there are no right or wrong answers. After some of the survey questions I may stop and ask you follow-up questions to better understand your answer and the way you thought about the question. Most of my follow-up questions will ask what you thought about certain phrases or what you think a question is trying to ask.

As we are going through the survey, please feel free to tell me anything that comes to mind or to ask me anything you are unclear about. Feel free to think aloud as you are answering these questions. We want your honest opinions about what you like and dislike and what you do and don't understand so we can improve this survey. I also want to remind you that you do not have to answer any questions you do not want to and you can end the interview at any time. If I ask you a question you do not want to answer, you can just say "Pass."

Once you have answered all the survey questions, I will ask you a few follow-up questions about your overall thoughts about the survey.

Do you have any questions before we begin?

Section A: Screener Questions

INTRO 1: This survey asks questions about possible experiences with identity theft. Identity theft means someone else using your personal information without your permission to buy something, get cash or services, pay bills, or avoid the law. We will not ask you for any specific account information. We estimate these questions will take between 5 to 15 minutes depending on your circumstances.

The first set of questions are about the possible misuse of EXISTING ACCOUNTS.

1. First, have you ever had an active checking or savings account through a bank or financial institution?

YES

NO (skip to Q5)

2. Has anyone EVER, without your permission, used your checking or savings account, including any debit or ATM cards, to make a purchase or withdraw money? Please consider only times when money was actually deducted from your account, regardless of whether you were reimbursed later.

YES

NO (skip to Q5)

1. If YES: Could you tell me a little bit about what happened?
2. What time period did you think about when answering this question?
3. If we hadn't included the phrase "Please consider only times when money was actually deducted from your account," would you have answered the question differently?
4. What about the phrase 'regardless of whether you were reimbursed later?' In your own words, what do you think that phrase means? Did it change the way you answered the question?

3. Has this happened during the past 12 months, that is from [AUTOFILL DATE 1st OF MONTH 1 YEAR PRIOR] until today?

YES

NO (skip to Q5)

4a. In what year did this most recently happen? _____

4b. And in what month? _____

If you don't know, please provide your best estimate.

1. If Q3= YES: How difficult was it to remember the month and year?
2. If Q3=YES: Were you thinking about different incidents when you answered the first question about whether this had EVER happened and when you answered the question about whether it had happened in the past 12 months?

5. The next questions are about the possible misuse of EXISTING CREDIT CARDS OR CREDIT CARD ACCOUNTS.

Have you ever had a credit card in your name? Include major credit cards such as a Mastercard or Visa, and store credit cards such as a Macy's card. Please do not include debit cards.

YES
