

Welcome to the Coverage Scenarios Cost Sharing Calculator

All insurer data entry fields will be highlighted in orange: 

There are two methods to use this tool:

AUTOMATED	Imported data from a Comma Separated Value (CSV) file You can process multiple plans at one time with this method
MANUAL	Manually enter information about one plan

How would you like to use the tool?

Automated

MANUAL ENTRY INSTRUCTIONS

Fill in the coverage details for one plan in the orange cells using numbers only.

If the category is not covered or included in the plan, leave the cell blank.

Click the 'Run the Calculator' button to compute the cost sharing for the scenarios.
