Request for Verification of Date Last Worked

Employer BA No: **8301**

Retirements In: **March 2014**

Request Date: **4/2/2014**

Below is a listing of your employees who have recently stopped railroad employment and applied for Railroad Retirement Act (RRA) age and service or disability annuities. The dates on the listing are based on the information the employees provided on their annuity applications.

Instructions

Note: The actual *Date Last Worked* for your railroad and, if later, the last day of any *Pay For Time Lost*, are important because these dates affect the date the employee's RRA annuities can begin. Verify that these dates are correct. Also, for age and service applicants and a few disability applicants, verify the date provided as the *Date Rights Relinquished*.

1. If the dates provided by the employee are correct, delete the employee's record from the listing by clicking the box to the left of that record, then clicking *Delete Marked Items*. No further action is necessary for that record.
2. If the dates provided by all the employees are correct, delete all the records from the listing at once by clicking *Select All*, then clicking *Delete Marked Items*. No further action is necessary for this listing.
3. If any dates provided by the employee are NOT correct, click on the employee's social security number to go to the *Reply* screen to enter the correct information.

Your corrections must be received by the RRB within 30 days of the date of this request.
