

OMB Control Number: 0583-0153.

Title of Clearance: Public Health Information System (PHIS).

Agency Form Number affected by Change Worksheet: Establishment Application for Export (FSIS Form 9080-3)

Change Summary: FSIS Form 9080-3, Establishment Application for Export, is completed by exporters to specify countries where they wish to export product (9 CFR 322.2 & 381.105). FSIS uses this information to track the export of product.

FSIS is proposing to make the following administrative changes so that it is consistent with PHIS:

Page 1:

- Remove the entire TO section. This is no longer needed since the form must now go through PHIS.
- Remove the entire Email section. This is no longer needed since the form must now go through PHIS.

Page 2:

- Modify the language in the **Instructions** section to the following text: “FSIS Form 9080-3 is to be completed and submitted by establishment personnel using PHIS (Public Health Information System). Effective June 29, 2018, FSIS no longer accepts the paper version of FSIS Form 9080-3 submitted to FSIS IPP for review and approval. For establishments that do not have access to or use PHIS, they are to send a fully completed paper copy of FSIS Form 9080-3 to the FSIS Proxy, using one of the three options listed below. The FSIS Proxy will enter the application information into PHIS on the applicant’s behalf.
 1. Email: FSCEXport.Recon@fsis.usda.gov;
 2. Mail: U.S. Department of Agriculture, Food Safety and Inspection Service, FMD, Financial Services Center, P.O. Box 9205, Des Moines, IA 50306-9948; or
 3. Fax: 1-844-378-1048”
- Modify the language in the **Approval** section to the following text: “Once FSIS Form 9080-3 is approved by the Office of Field Operations personnel, the Office of Policy and Program Development will process the request with the appropriate foreign authorities. Upon receipt of approval notification from foreign authorities, the Office of Policy and Program Development will post the plant information in the [FSIS Export Library](#) under the list of approved plants for the appropriate country. Users should monitor the [FSIS Export Library](#) to see when their plant has been approved. Users may contact the Office

of Policy and Program Development for an update of the status of the application by email at ImportExport@fsis.usda.gov or phone at (202) 720-0082.”

These non-substantive, administrative changes to the form do not constitute a new information collection. There is no estimated burden change for the form.
