<sup>1</sup>This table of contents is not part of the Act but is included for user convenience. The numbers in brackets refer to section numbers in title 7, United States Code.

The Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate an interim report on the results of such study no later than February 1, 1984, and a final report on the results of such study no later than March 1, 1985.

(c) In order to encourage States to plan, design, develop, and implement a system for making supplemental nutrition assistance program benefits available through the use of intelligent benefit cards or other automated or electronic benefit delivery systems, the Secretary may conduct one or more pilot or experimental projects, subject to the restrictions imposed by subsection (b)(1) and section 7(f)(2), designed to test whether the use of such cards or systems can enhance the efficiency and effectiveness of program operations while ensuring that individuals receive correct benefit amounts on a timely basis. Intelligent benefit cards developed under such a demonstration project shall contain information, encoded on a computer chip embedded in a credit card medium, including the eligibility of the individual and the amount of benefits to which such individual is entitled. Any other automated or electronic benefit delivery system developed under such a demonstration project shall be able to use a plastic card to access such information from a data file.

(d) In order to assess the effectiveness of the employment and training programs established under section 6(d) in placing individuals into the work force and withdrawing such individuals from the supplemental nutrition assistance program, the Secretary is authorized to carry out studies comparing the pre- and post-program labor force participation, wage rates, family income, level of receipt of supplemental nutrition assistance program and other transfer payments, and other relevant information, for samples of participants in such employment and training programs as compared to the appropriate control or comparison groups that did not participate in such programs. Such studies shall, to the maximum extent possible—

(1) collect such data for up to 3 years after the individual has completed the employment and training program; and

(2) yield results that can be generalized to the national program as a whole.

The results of such studies and reports shall be considered in developing or updating the performance standards required under section 6.

(e) The Secretary shall conduct a sufficient number of demonstration projects to evaluate the effects, in both rural and urban areas, of including in financial resources under section 5(g) the fair market value of licensed vehicles to the extent the value of each vehicle exceeds \$4,500, but excluding the value of—

(1) any licensed vehicle that is used to produce earned income, necessary for transportation of an elderly or physically disabled household member, or used as the household's home; and

(2) one licensed vehicle used to obtain, continue, or seek employment (including travel to and from work), used to pursue employment-related education or training, or used to secure food or the benefits of the supplemental nutrition assistance program.

(f) The Secretary shall conduct, under such terms and conditions as the Secretary shall prescribe, for a period not to exceed 4 years, projects to test allowing not more than 11,000 eligible households, in the aggregate, to accumulate resources up to \$10,000 each (which shall be excluded from consideration as a resource) for later expenditure for a purpose directly related to improving the education, training, or employability (including self-employment) of household members, for the purchase of a home for the household, for a change of the household's residence, or for making major repairs to the household's home.

(g) The Secretary shall use up to \$4,000,000 of the funds provided in advance in appropriations Acts for projects authorized by this section to conduct demonstration projects in which State or local supplemental nutrition assistance program agencies test innovative ideas for working with State or local law enforcement agencies to investigate and prosecute benefit trafficking.

(h) PILOT PROJECTS TO EVALUATE HEALTH AND NUTRITION PROMOTION IN THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM.—

(1) IN GENERAL.—The Secretary shall carry out, under such terms and conditions as the Secretary considers to be appropriate, pilot projects to develop and test methods—

(A) of using the supplemental nutrition assistance program to improve the dietary and health status of households eligible for or participating in the supplemental nutrition assistance program; and

(B) to reduce overweight, obesity (including childhood obesity), and associated co-morbidities in the United States.

(2) GRANTS.—

(A) IN GENERAL.—In carrying out this subsection, the Secretary may enter into competitively awarded contracts or cooperative agreements with, or provide grants to, public or private organizations or agencies (as defined by the Secretary), for use in accordance with projects that meet the strategy goals of this subsection.

(B) APPLICATION.—To be eligible to receive a contract, cooperative agreement, or grant under this paragraph, an organization shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(C) SELECTION CRITERIA.—Pilot projects shall be evaluated against publicly disseminated criteria that may include—

(i) identification of a low-income target audience that corresponds to individuals living in households with incomes at or below 185 percent of the poverty level;

(ii) incorporation of a scientifically based strategy that is designed to improve diet quality through more healthful food purchases, preparation, or consumption;

(iii) a commitment to a pilot project that allows for a rigorous outcome evaluation, including data collection;

(iv) strategies to improve the nutritional value of food served during school hours and during after-school hours;

(v) innovative ways to provide significant improvement to the health and wellness of children;

(vi) other criteria, as determined by the Secretary.

(D) USE OF FUNDS.—Funds provided under this paragraph shall not be used for any project that limits the use of benefits under this Act.

(3) PROJECTS.—Pilot projects carried out under paragraph

(1) may include projects to determine whether healthier food purchases by and healthier diets among households participating in the supplemental nutrition assistance program result from projects that—

(A) increase the supplemental nutrition assistance purchasing power of the participating households by providing increased supplemental nutrition assistance program benefit allotments to the participating households;

(B) increase access to farmers markets by participating households through the electronic redemption of supplemental nutrition assistance program benefits at farmers' markets;

(C) provide incentives to authorized supplemental nutrition assistance program retailers to increase the availability of healthy foods to participating households;

(D) subject authorized supplemental nutrition assistance program retailers to stricter retailer requirements with respect to carrying and stocking healthful foods;

(E) provide incentives at the point of purchase to encourage households participating in the supplemental nutrition assistance program to purchase fruits, vegetables, or other healthful foods; or

(F) provide to participating households integrated communication and education programs, including the provision of funding for a portion of a school-based nutrition coordinator to implement a broad nutrition action plan and parent nutrition education programs in elementary schools, separately or in combination with pilot projects carried out under subparagraphs (A) through (E).

(4) EVALUATION AND REPORTING.—

(A) EVALUATION.—

(i) INDEPENDENT EVALUATION.—

(I) IN GENERAL.—The Secretary shall provide for an independent evaluation of projects selected under this subsection that measures the impact of the pilot program on health and nutrition as described in paragraph (1).

(II) REQUIREMENT.—The independent evaluation under subclause (I) shall use rigorous methodologies, particularly random assignment or other methods that are capable of producing scientifically valid information regarding which activities are effective.

(ii) COSTS.—The Secretary may use funds provided to carry out this section to pay costs associated with monitoring and evaluating each pilot project.

(B) REPORTING.—Not later than 90 days after the last day of fiscal year 2009 and each fiscal year thereafter until the completion of the last evaluation under subparagraph (A), the Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a report that includes a description of—

(i) the status of each pilot project;

(ii) the results of the evaluation completed during the previous fiscal year; and

(iii) to the maximum extent practicable—

(I) the impact of the pilot project on appropriate health, nutrition, and associated behavioral outcomes among households participating in the pilot project;

(II) baseline information relevant to the stated goals and desired outcomes of the pilot project; and

(III) equivalent information about similar or identical measures among control or comparison groups that did not participate in the pilot project.

(C) PUBLIC DISSEMINATION.—In addition to the reporting requirements under subparagraph (B), evaluation results shall be shared broadly to inform policy makers, service providers, other partners, and the public in order to promote wide use of successful strategies.

(5) FUNDING.—

(A) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section for each of fiscal years 2008 through 2012.

(B) MANDATORY FUNDING.—Out of any funds made available under section 18, on October 1, 2008, the Secretary shall make available \$20,000,000 to carry out a project described in paragraph (3)(E), to remain available until expended.

(i) COOPERATION WITH PROGRAM RESEARCH AND EVALUATION.—Subject to the requirements of this Act, including protections under section 11(e)(8), States, State agencies, local agencies, institutions, facilities such as data consortiums, and contractors participating in programs authorized under this Act shall—

(1) cooperate with officials and contractors acting on behalf of the Secretary in the conduct of evaluations and studies under this Act; and

- 
- (2) submit information at such time and in such manner as the Secretary may require.
- (1) to carry out this section.
