OMB 0596-0082

UNITED STATES DEPARTMENT OF AGRICULTURE
FOREST SERVICE

Authorization to Conduct Paleontological Resources Research or Collection

Authorities: 16 U.S.C. §470aaa through 16 U.S.C. §470aaa-11; Organic Administration Act June 4, 1897; 36 CFR 291.13-291.23

[Click here to enter permittee's name](#) of [Click here to enter permittee's organization](#), hereinafter called the permittee, is hereby authorized to use, subject to the terms and conditions of this permit, National Forest System land identified within the: [Click here to enter issuing office name](#) . The permittee is authorized to conduct activities as specified below in the permitted area described as: [Click here to describe area in which activities are authorized](#).

The permittee is authorized to conduct the following activities in the permitted area as described above: [Click here to specify permitted activities](#)

Permit Terms and Conditions

1. This permit expires on [Click here to enter text](#) , unless the Agency extends it in writing before that date.
2. The permittee must notify the Agency not less than 30 days, but not more than 60 days, prior to starting the project and entering on Forest Service lands.
3. All paleontological resources that are collected from National Forest System lands under permit will remain the property of the United States.
4. The collection will be preserved in an approved repository, to be made available for scientific research and public education.
5. Specific locality data will not be released by the permittee or repository unless authorized in accordance with 36 CFR 291.6, or as otherwise agreed to in another agreement.
6. The permittee recognizes that the area within the scope of the permit may be subject to other authorized uses.
7. The permittee must conform to all applicable Federal, State, and local laws.
8. The permittee must assume responsibility for all work conducted under the permit and the actions of all persons conducting this work.
9. The permit cannot be transferred.
10. The permittee cannot modify the permit without the approval of the authorized officer.
11. The permittee must comply with all timelines established in the permit, and must request modification of the permit if those timelines cannot be met.
12. The permittee or other persons named on the permit must be on site at all times when field work is in progress and will have a copy of the signed permit on hand.
13. The permittee will comply with any vehicle or access restrictions, safety or environmental restrictions, or local safety conditions or restrictions.
14. The permittee will report suspected resource damage or theft of paleontological or other resources to the authorized officer in a timely manner after learning of such damage or theft.
15. The permittee will acknowledge the Forest Service in any report, publication, paper, news article, film, television program or other media resulting from work performed under the permit.
16. The permittee will comply with the timeline established in the permit for providing a complete list to the authorized officer of specimens collected and the current location of the specimens¹.
