I agree that I will abide by the B Reader Code of Ethics when classifying chest radiographic images. If I participate in the Coal Workers' Health Surveillance Program, my performance will be conducted in the manner specified by HHS regulation 42 C.F.R. Part 37, and I understand that information related to classifications of individual radiographs made in connection with this program will be treated in a secure manner and will not be disclosed, unless otherwise compelled by law. I further understand that: 1) My B Reader certification requires an active license to practice medicine in the United States and I must notify the NIOSH B Reader Program within 60 days if my medical license is revoked, suspended, voluntarily relinquished or surrendered, or converted to inactive status*; 2) NIOSH does not regulate or monitor my classification of chest images performed for non-NIOSH purposes; 3) If NIOSH becomes aware of violations, or allegations of violations, of the B Reader Code of Ethics, it may, at its discretion, notify appropriate authorities, including the applicable State Board(s) of Medicine.

*Send written notification to:

NIOSH Coal Workers' Health Surveillance Program, 1095 Willowdale Road, M/S LB208, Morgantown, WV 26505
