

Quality Improvement Collaborative to support the EMSC State Partnership Program during the budget period of 07/1/2018–06/30/2019. EMSC plans to increase the proportion of EMS agencies that have a designated individual responsible for the coordination of pediatric emergency care by 2020 to 30 percent.

SUPPLEMENTARY INFORMATION:

Intended Recipient of the Award: Baylor College of Medicine.

Amount of Non-Competitive Award: \$500,000.

Period of Supplemental Funding: 07/01/2018–06/30/2019.

CFDA Number: 93.127.

Authority: Public Health Service Act, Title XIX, Section 1910 (42 U.S.C. 300w–9); as amended by the Emergency Medical Services for Children Reauthorization Act of 2014, Public Law 113–180.

Justification: Baylor College of Medicine’s EMSC Innovation and

Improvement Center (EIIC) provides technical assistance to State Partnership grantees on effective methods to improve EMS for pediatric patients within state and local EMS systems. Participant states will be supported by the EIIC through targeted technical assistance, the provision of tools and resources to support local efforts, and sharing of best practices. The EIIC will support the awarded states in participation in the following activities:

- Convene up to 10 state project teams awarded by HRSA comprised of the state EMSC manager and their state and local partners for one face-to-face meeting and regular virtual meetings.
- Facilitate the development of a collective action plan representing the common methods and aims across the QI collaborative for outreach to EMS agencies.
- Provide a venue for participating states to share lessons learned and

- best practices in outreach design and implementation.
- Provide access to subject matter expertise to advise the QI collaborative on pediatric emergency care coordination in the pre-hospital EMS setting.
- Provide technical assistance to up to 10 participating states as they implement the action plan designed through the QI collaborative.
- Facilitate an assessment at the end of the project to determine the number of EMS agencies that newly report having an individual responsible for coordinating pediatric emergency care.

Agency Information Collection Request; 30-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment.

DATES: Comments on the ICR must be received on or before May 24, 2019.

ADDRESSES: Submit your comments to OIRA_submission@omb.eop.gov or via facsimile to (202) 395–5806.

FOR FURTHER INFORMATION CONTACT: Sherrette Funn, Sherrette.Funn@hhs.gov or (202) 795–7714. When submitting

comments or requesting information, please include the document identifier 0990–New–30D and project title for reference.

SUPPLEMENTARY INFORMATION: Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency’s functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: Cross-site Study Data for Improving Implementation Evaluation among Office of Adolescent Health (OAH) TPP Grantees to Inform National Implementations (IMAGIN).

Type of Collection: New.

OMB No.: 0990–NEW–Office of Adolescent Health—OASH—OS.

Abstract: The Office of Adolescent Health (OAH), U.S. Department of Health and Human Services (HHS) is requesting 3 years of approval by OMB

on a new collection. The IMAGIN Cross-Site Study will examine the process that federal grantees follow to get their programs and staff ready for full implementation by exploring specific factors related to the program models’ readiness for implementation and evaluation, the grantee organizations’ capacity to operate and deliver the program as intended, and the local enabling context. The data from this study will be used to identify meaningful lessons, targeted resources, and timely guidance that could help both current and future federal grantees get their programs ready to implement, and add to the evidence on the successes and challenges of implementing a program. The cross-site study will be conducted with leadership, key program staff and community stakeholders from Fiscal Year 2018 and, if awarded Fiscal Year 2019, grantees of the OAH Teen Pregnancy Prevention Program. It will include semi-structured interviews with grantee leadership, site visits that will include in-person discussions with key program staff and community stakeholders, and a front-line staff web survey with up to 8 front line staff per grantee.
