Agency Information Collection Activities; Surface Management

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) is proposing to renew an information collection control number.

DATES: Interested persons are invited to submit comments on or before December 17, 2019.

ADDRESSES: Send your comments on this information collection request (ICR) by mail to Jean Sonneman, U.S. Department of the Interior, Bureau of Land Management, 1849 C Street NW, Room 2134LM, Washington, DC 20240; or by email to jsonneman@blm.gov. Please reference OMB Control Number 1004–0194 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this Information Collection Request (ICR), please contact Stuart Grange by email at sgrange@blm.gov, or by telephone at 202–912–7067. Persons who use a telecommunication device for the deaf may call the Federal Relay Service at 1–800–877–8339, to leave a message for the above person.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, the BLM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps to assess the impact of the BLM's information collection requirements and minimize the public's reporting burden. It also helps the public understand the BLM's information collection requirements and provide the requested data in the desired format.

The BLM is soliciting comments on the proposed ICR that is described below. The BLM is especially interested in public comment addressing the following issues: (1) Is the collection necessary for the proper functions of the BLM; (2) Will this information be processed and used in a timely manner; (3) Is the estimate of burden accurate; (4) How might the BLM enhance the quality, utility, and clarity of the information to be collected; and (5) How might the BLM minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. The BLM will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, the BLM cannot guarantee that we will be able to do so.

The following information pertains to this request:

Notice of Realty Action: Direct Sale of Public Land in Saguache County, CO

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) is proposing a direct (non-competitive) sale of 0.21 acre of public land in Saguache County, Colorado to Lucky 3 (Lucky 3), Inc. The appraised fair market value for the sale parcel is \$350. The direct sale will resolve an inadvertent unauthorized occupancy on the subject public land under Sections 203 and 209 of the Federal Land Policy and Management Act (FLPMA) of 1976 and BLM land sale regulations.

DATES: Written comments must be received no later than December 2, 2019.

ADDRESSES: Mail written comments to Associate Field Manager, BLM Gunnison Field Office, 210 W Spencer Ave., Suite A, Gunnison, CO 81230. Written comments may also be emailed to blm_co_gfo_nepa_comments@blm.gov. A copy of the Environmental Assessment (EA) is available online at <https://go.usa.gov/xPm2b>.

FOR FURTHER INFORMATION CONTACT: Marnie Medina, Realty Specialist, by telephone (970) 642-4954 or by email at mmedina@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: In 1998, Lucky 3 acquired private land adjacent to public land south of Cochetopa Park. Due to a miscommunication between Lucky 3 and its land surveyor, Lucky 3 inadvertently constructed a cabin, an underground propane tank, and a septic tank on the adjacent public land. Lucky 3 later discovered its error with the land status and notified the BLM, which now proposes to resolve this nonwillful, inadvertent trespass through a direct sale.

The sale meets the criteria for a direct sale in accordance with FLPMA, Section 203(a)(3) and 43 CFR 2711.3-3(a). Direct sales (without competition) may be used when, in the opinion of the authorized officer, a competitive sale is not appropriate and the public interest would best be served by a direct sale.

A mineral potential report was completed on September 10, 2018, which found that the mineral potential for the parcel is low to none. The criteria established in FLPMA Section 209(b)(1)(2) allows transfer of the minerals to the surface owner if a reservation would interfere with or preclude the current residential use of the parcel and that such residential development is a more beneficial use of the land than potential mineral development. Since the property is encumbered with development, transferring the minerals would protect the private structures from potential mineral development on the property. Current development on the 0.21-acre parcel includes: A cabin on a poured concrete foundation with a patio, a covered patio, a deck, and stairs to the deck; an underground propane tank; an underground septic tank; and associated buried pipes for propane, water, and sewage. A water well that services the cabin is located on the adjacent private property about 35 feet from the property boundary. Any mineral development on the parcel would likely require removal of the improvements. Given that the mineral potential on the parcel is low to none, the current residential use of the
