Institutions of higher education legally designated as a historically Black college or university are eligible to apply. Additional information and the regulations governing the HBCU and SAFRA Programs can be accessed from the following Website:

- <http://www2.ed.gov/programs/iduestitle3b/index.html> _

Specifics regarding this year's application procedures are contained in this application package. Applicants are encouraged to review the FY TBD Application Highlights found in the application package for an overview of important items. Please note there are two deadlines for submitting information:

- Phase I Formula Data must be submitted by **TBD**, and
- Phase II, the HBCU-SAFRA applicants will develop a Comprehensive Development Plan (CDP), which must be submitted by **TBD**.

FY 2019 APPLICATION HIGHLIGHTS

Institutions of higher education legally designated as a historically Black college or university are eligible to apply. Additional information and the regulations governing the HBCU program can be accessed from the following Web site:

<http://www2.ed.gov/programs/iduestitle3b/index.html>

Funds are awarded to eligible institutions as discretionary grants, with award amounts determined by formula, based on three figures provided to the Department annually by each eligible institution:

1. The number of Pell Grant recipients in the most recent academic year, as a proportion of the total number of such recipients at all eligible institutions (50 percent weight);
2. The number of graduates in the most recent academic year, as a proportion of the total number of graduates at all eligible institutions (25 percent weight); and
3. The proportion of graduates for the past five years that have gone on to graduate or professional schools, in degree programs in disciplines in which Blacks are underrepresented, divided by the aggregate proportion across all eligible institutions (25 percent weight).

In addition, two minima are established. If the amount determined by the formula is greater than \$250,000 but less than \$500,000, the institution is awarded \$500,000; and if the amount determined by the formula is less than \$250,000, the institution is awarded \$250,000.

In 1965, the federal government provided aid to HBCUs through the Higher Education Act (HEA) and amended the HEA in 2008 under the Higher Education Opportunity Act (HEOA). The Title III, Part B funds are appropriated in a regular or supplemental appropriation act under the Strengthening HBCU program. SAFRA is provided aid through the Student Aid and Fiscal Responsibility Act of 2009. **The grant period is five years ending in FY 2022 for HBCU, Part B and in FY 2020 for SAFRA, Part F.**

Please note that the Application Package is divided into two parts, Phase I and Phase II. Phase I is the individual institutional data submitted in response to the Phase I Formula Data Worksheet, which is used to calculate awards for both the HBCU (regular) and SAFRA (mandatory) funding.

During a new grant cycle, applicants are required to submit a new application for Phase II, which is the Comprehensive Development Plan (CDP) to address the funding. Additionally, applicants are required to include a separate project abstract. **The project abstract is limited to one page, single-spaced.** The project abstract must include information about the institution's proposed five-year project for the HBCU-SAFRA funds in a brief summary of the proposed activities and how they will address the goals and objectives of Title III, Part B and Part F, with priority given to the following legislatively allowable activities:

**INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS
EXECUTIVE ORDER 12372**

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state. Further information about the State Single Point of Contact process and a list of names by State can be found at:

<https://www.whitehouse.gov/wp-content/uploads/2017/11/SPOC-Feb.-2018.pdf>

For State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA 84.031B, U.S. Department of Education, Room 7E200, 400 Maryland Avenue, SW, Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30:00 p.m. (Eastern Standard Time) on the closing date indicated in this notice.

Important note: The above address is for the submission of comments only. Applications for awards must be submitted using G5 e-application.

**GENERAL EDUCATION PROVISIONS ACT (GEPA)
SECTION 427**

Section 427 of GEPA requires all applicants for new awards to include in their applications a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted programs for students, teachers, and other program beneficiaries with special needs. The provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: *gender, race, national origin, color, disability, or age*.

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

NOTE: Applicants for new awards must include information in their applications to address this provision in order to receive funding under this program.

GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2018-2022. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Strategic Goal 1: Support state and local efforts to improve learning outcomes for all P-12 students in every community.

Strategic Goal 2: Expand postsecondary educational opportunities, improve outcomes to foster economic opportunity and promote an informed, thoughtful and productive citizenry.

Strategic Goal 3: Strengthen the quality, accessibility and use of education data through better management, increased privacy protections and transparency.

Strategic Goal 4: Reform the effectiveness, efficiency and accountability of the Department.

What are the performance indicators for the Title III, Part B and Part F programs?

The performance indicators for the Title III, Part B and Part F programs are part of the Department's plan for meeting Strategic Goal 2: Expand postsecondary educational opportunities, improve outcomes to foster economic opportunity and promote an informed, thoughtful and productive citizenry.

Program Goal: **To improve the capacity of minority-serving institutions, which traditionally have limited resources and serve large numbers of low-income and minority students, to improve student success and to provide high-quality educational opportunities for their students.**

HBCU Program

Objective 1 of 3: Increase enrollments at historically Black colleges and universities.

Measure 1.1: The percentage change, over the grant cycle, in the number of full-time degree-seeking undergraduates enrolled at Historically Black Colleges and Universities.

Objective 2 of 3: Increase the persistence rate for students enrolled at HBCUs.

Measure 2.1: The percentage of full-time undergraduate students who were in their first year of postsecondary enrollment within the previous year and are enrolled in the current year at the same HBCU institution.

Objective 3 of 3: Increase the graduation rate for students enrolled at HBCUs.

Measure 3.1: Federal cost per undergraduate and graduate degree at HBCUs.

Measure 3.2: The percentage of first-time, full-time degree-seeking undergraduate students enrolled at four-year Historically Black Colleges and Universities who graduate within six years of enrollment.

How does the Department of Education determine whether performance goals have been met?

An applicant that receives a grant award will be required to submit annual progress reports and a final report as a condition of the award. The reports will document the extent to which project goals and objectives are met.

The most recent version of this program's annual performance report can be viewed at the Institutional Service Annual Performance Report Web Site:

PHASE II – COMPREHENSIVE DEVELOPMENT PLAN (CDP) INSTRUCTIONS

Formatting Recommendation

We recommend the following: On each “page” is “8.5 x 11,” on one side only, with 1” margins at the top, bottom, and both sides. Page numbers and an identifier may be within the 1” margin. Double-space all text in the application, including titles and headings. All text in charts, tables, graphs, footnotes, quotations, references, and captions we recommend be single-spaced. Recommend using one of the following fonts: *Times New Roman, Courier, Courier New, or Arial.*

The Secretary evaluates an application on the basis of the applicant’s response to the elements of the Comprehensive Development Plan (CDP) as defined in 34 CFR 608.21.

To facilitate the review and approval of the application, applicants must address the following:

The CDP must describe an institution’s strategy for achieving growth and self-sufficiency by strengthening its financial management and academic programs.

Elements of the CDP are as follows:

1. A detailed assessment of the strengths and weaknesses of the institution's financial management and academic programs;
2. A delineation of the institution's goals for its financial management and academic programs, based on the outcomes of the assessments of these areas for which HBCU and SAFRA funds will be used;
3. A comprehensive listing of measurable objectives, with accompanying timeframes, designed to assist the institution in achieving the objectives developed in the plan;
4. A detailed description of methods, procedures and processes that will be used by the college or university to institutionalize financial management and academic program practices and improvements developed under the proposed funded activities.

Suggested Outline for Developing the CDP

Introduction/Institutional Overview – the introduction should clearly describe the institution’s challenges and opportunities, and the institutional overview should address the history and mission, academic programs offered and areas of strength, enrollment data and student profile, graduation rates, and graduate school/professional school placement success.

Summary of the Institution’s Planning Process – specifically identify major institutional priorities.

Overview of Current Long-Range Plan – describe in detail the major emphases and goals for the current planning period.

CDP Focus – fully describe areas targeted for improvement; list measurable goals related to improving academic quality, fiscal stability, institutional management, and student services; summarize activities to address CDP goals; and describe CDP assessment strategies.

Conclusion – provide information addressing institutionalization as required by element 4 and relevant supporting documentation.

The CDP should be used as a guide to developing the program activities. **For each proposed activity you must:**

PROVIDE AN ABSTRACT OF THE ACTIVITY – Provide a brief (one paragraph) description of the proposed activity. Each activity must be titled using the most relevant title from the list of legislatively allowable activities listed on pages 5-6 of this package. In detail, describe the purpose of each activity. NOTE: A Comprehensive Development Plan (CDP) should include project administration as one of its proposed activities.

DESCRIBE AND DEFINE OBJECTIVES AND PERFORMANCE INDICATORS FOR EACH PROPOSED ACTIVITY – For each proposed activity, applicants must state their annual objectives, which, when combined with their performance indicators, are measurable and realistic (not too high, not too low). Connect each activity to the problem or weakness it should address. List only the objectives that an activity is designed to accomplish. **Describe the objectives in outcome-oriented, measurable terms.** Objectives should be updated for each year in which funds are requested.

DESCRIBE THE IMPLEMENTATION STRATEGY AND TIMETABLE FOR EACH PROPOSED ACTIVITY – For each proposed activity, describe, in a comprehensive manner, who will do what, how, and when it will be done to meet the objectives of each activity.

PROVIDE AN INDIVIDUAL ACTIVITY BUDGET & NARRATIVE – For each proposed activity, applicants must prepare a separate, detailed itemized budget (in dollars) and a budget narrative for each year you are requesting grant funds. Demonstrate and justify that all costs are reasonable in today's market and necessary to accomplish your activity objectives. **Note:** You must provide details so that we can determine if the costs are allowable, necessary and reasonable.

COMPLETE A BUDGET SUMMARY (ED 524) FORM – Provide an itemized budget for each of the five years of the project. Applicants need only to provide a detailed budget narrative and justification for the HBCU-SAFRA's first (initial) year of their proposed five year project.

This may be optional for some programs.

NOTE: For more detailed information on submitting an e-Application, please see the **User Guide**. The Online Training can be found under the main menu at <http://www.G5.gov>.

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file type detailed in the Federal Register application notice (read-only, non-modifiable .PDF files only). Also, do not upload any password protected files to your application.
2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters.
3. **PLEASE DO NOT USE SPECIAL/NON ENGLISH CHARACTERS IN ANY FORM OR DOCUMENT (for example, %, *, /, etc.). Foreign characters or symbols includes words spelled with a non- English alphabet, such as “Boğaziçi” or “Nizām al-Dīn Gīlānī” or any word with an accent mark.**

Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.

4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. Please note that each file attachment in e-Application has a file size limitation which is anywhere from 2 to 8 MB and the limitation will be indicated on the individual screen when you upload a file. For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.

Other Submission Tips

SUBMIT EARLY – **We strongly recommend that you do not wait until the last day to submit your application.** The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 4:30:00 PM Washington, DC time on the deadline date, the G5 e-Application system will not accept it.

1. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in this notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30 PM unless you follow the procedures in this notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

2. Dial-Up Internet Connections – When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in this notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.
3. Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through G5 because—
 - You do not have access to the Internet; or
 - You do not have the capacity to upload large documents to G5; and

No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or email a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application. If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you email your written statement to the Department, we must receive the email statement no later than two weeks before the application deadline date. Address and mail or email your statement to: Wendy B. Lawrence, M.Ed., U.S. Department of Education, 400 Maryland Avenue, S.W., LBJ-250-44, Washington, D.C. 20202, Attention: HBCU-SAFRA FY ___ Application, or Email: Wendy.Lawrence@ed.gov.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark
- (2) A mail receipt that is not dated by the U.S. Postal Service

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

b. Submission of Paper Applications by Hand Delivery

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application, by hand, on or before the application deadline date, to the Department at the following address:

- (2) The Application Control Center will mail to you a notification of receipt of your grant application. Instructions for U.S. Department of Education Supplemental Information for the SF-424

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (*) are mandatory.

2. Novice Applicant. Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

3a. If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

3a. If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

3b. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. Human Subjects Assurance Number. If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. (A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/search.aspx?styp=bsc>) If the applicant does not have an approved assurance on file with OHRP, enter "None." In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

3c. If applicable, please attach your "Exempt Research" or "Nonexempt Research" narrative to your submission of the U.S Department of Education Supplemental Information for the SF-424 form as instructed in item II, "Instructions for Exempt and Nonexempt Human Subjects Research Narratives" in the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424."

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be directly or indirectly linked to that individual), the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of *exemptions* are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. *If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.*

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. *If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.*

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. *[This exemption applies only to retrospective studies using data collected before the initiation of the research.]*

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. *[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by the Social Security Administration and some Federal welfare benefits programs.]*

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF 424, the applicant must attach a human subjects “exempt research” or “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3.b. and designated exemption numbers(s), attach the “exempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. (3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Section C - Budget Narrative [Attach separate sheet(s)] **Pay attention to applicable program specific instructions, if attached.**

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's Web site at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>. You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

4. Provide other explanations or comments you deem necessary.
