

Partnership Agreement: Promotional Partners

Section I: EPA WaterSense® Program Goals

EPA's WaterSense program aims to use water resources more efficiently to preserve them for future generations and to reduce water and wastewater infrastructure costs by reducing unnecessary water consumption. Through this program, EPA provides reliable information on high-performing, water-efficient products and practices, raises awareness about the importance of water efficiency, ensures water-efficient product performance, helps consumers identify products and services that use less water, promotes innovation in product development, and supports state and local water-efficiency efforts.

Section II: Partnership Pledge

As an EPA WaterSense promotional partner, _____ (name of organization), shares EPA's goals as outlined above and is proud to commit to the following activities to further these goals:

1. Educate consumers, residents, businesses, and institutions located in the United States and Canada on the value of water efficiency, the importance of saving water, and the meaning of the WaterSense label. Where feasible, undertake activities and events to achieve mutual WaterSense goals.
2. As appropriate, encourage eligible constituents, members, or affiliates to participate as partners in EPA's WaterSense program.
3. **For utilities and governments:** On an annual basis, provide data to EPA on promotional activities and incentive programs to assist in determining the impact of the program in promoting labeled products.
4. **For applicable trade associations:** If asked, provide aggregate data to EPA on market share of WaterSense labeled products and programs in relevant industry. Compile data submitted by members who are also WaterSense partners into a summary report to assist EPA in evaluating market trends and the success of the WaterSense program, without disclosing any proprietary information from members.
5. Adhere to all policies and procedures contained in the Program Guidelines.
6. Feature the WaterSense promotional label and partner logo on website and in other promotional materials.
7. Adhere to WaterSense program mark guidelines and ensure that authorized representatives, such as advertising agencies, distributors, and subcontractors, also comply. Help EPA maintain program integrity by alerting EPA to possible misuse(s) of the WaterSense program marks.
8. Grant EPA's WaterSense program permission to include partner's name on a list of participating partners on the WaterSense website, program materials, and announcements. Partners understand that from time to time, EPA will be interested in profiling partner accomplishments in case studies and articles. If selected for such promotion, partners will have the opportunity to provide input and review the final print or Web document before EPA releases it to the public. Further, the partner understands that EPA might refer media contacts interested in publicizing water efficiency to partners for information about products and accomplishments.

Section III: EPA WaterSense Program's Commitments to Partners

1. Develop national specifications for water-efficient new homes, products, and programs through an open, public process.
2. Increase awareness of the WaterSense brand by distributing key messages on the benefits of labeled products and programs, and the importance of water efficiency.
3. Provide current EPA WaterSense program news, information, and reference documents (via the program website, WaterSense Helpline, email, or other means), including a listing of labeled products and programs on the website.
4. Provide WaterSense partners with public recognition for their involvement in the program and role in protecting the environment through online listing of partners, special awards, publications, and other efforts.
5. Respond swiftly to partner requests for information or clarification on EPA WaterSense program policies.
6. Provide materials, templates, and program marks for promotional use, consistent with the WaterSense Program Guidelines.
7. Review pre-press promotional items, draft websites, packaging, or other materials that use the WaterSense marks upon request.

Section IV: General Terms and Disclaimers

1. The partner will not construe, claim, or imply that its participation in the EPA WaterSense program constitutes federal government (EPA) approval, acceptance, or endorsement of anything other than the partner's commitment to the program.
2. Nothing in this agreement, in and of itself, obligates the EPA to expend appropriations or to enter into any contract, assistance agreement, interagency agreement, or incur other financial obligations that would be inconsistent with Agency budget priorities. The partner agrees not to submit a claim for compensation for services rendered to EPA or any federal agency in connection with any activities it carries out in furtherance of this agreement.
3. The partner and the EPA WaterSense program will assume good faith as a general principle for resolving conflict and will seek to resolve all matters informally, so as to preserve maximum public confidence in the program.
4. No building, facility, or structure will be WaterSense labeled as a result of this agreement. If additional WaterSense partner categories become available, affected organizations will be asked to reapply for partnership in the new category.
5. Failure to comply with any of the terms of this partnership agreement can result in its termination and cessation of access to the benefits of the program, including use of the program marks.
6. The EPA WaterSense program will actively pursue resolution of noncompliance related to the use of the program marks.
7. Both parties concur that this agreement is wholly voluntary and may be terminated by either party at any time, and for any reason, with no penalty. Termination will begin effective immediately upon written notice to or from the EPA WaterSense program. Upon termination of this agreement, partners agree to remove program marks in a timely manner, consistent with the WaterSense program mark guidelines.

To be completed by partner

Authorized Partner Representative¹ (printed name): _____

Title: _____ Email: _____

Signature: _____ Date: _____

Organization Name: _____ Number of employees: _____

Organization Type (choose one): Nongovernmental Organization Utility Local Government
 State Government Trade Association Home Builders Association

Industry/SIC/NAICS code: _____ Population served²: _____

Water District, if applicable: _____

Primary Contact: Dr./Mr./Mrs./Ms. _____
