Title: Airborne Hazards and Open Burn Pit Registry (AHOBPR) Web-accessible Self-Assessment/Questionnaire, VA Form 10-10066.

OMB Control Number: 2900-0800.

Type of Review: Reinstatement with change of a previously approved collection.

Abstract: Public Law 112-260 Section 201, enacted by President Obama on 10 January 2013, required Department of Veterans Affairs (VA) to establish and maintain an "Airborne Hazards and Open Burn Pit Registry (AHOBPR)" no later than one year from enactment. VA launched the AHOBPR in June 2014. There is no sunset date identified in the law. The Secretary of Veterans Affairs may "include any information in such registry that the Secretary of Veterans Affairs determines necessary to ascertain and monitor the health effects of the exposure of members of the Armed Forces to toxic airborne chemicals and fumes caused by open burn pits." Currently, VA plans to operate the AHOBPR indefinitely, and we request approval to continue administering the questionnaire. The Qarmat Ali (QA) program is a new request for a follow-up information collection for a subset of Veterans impacted by a specific airborne hazard. In the Spring and Summer of 2003,

approximately 700 U.S. Servicemembers may have been impacted by a specific airborne hazard while serving at a water injection plant in Qarmat Ali, Iraq. The Department of Defense (DoD) was unable to determine specific exposure levels near the water treatment facility. In 2010, in response to DoD's notification, the VA offered no-cost medical evaluations and encouraged the cohort to enroll in a new Qarmat Ali medical surveillance program within the Gulf War Registry. The QA cohort is also eligible to participate in the AHOBPR program due to their deployment to Iraq. As part of the planned 5-year periodic medical follow-up and surveillance program, self-reported information will be collected through the AHOBPR as outlined above. Information collected is voluntary and is used to provide outreach and quality health services to AHOBPR participants. Collected data contributes to VA's ability to understand the potential health effects of the exposure to burn pit emissions and other airborne hazards during deployment, such as particulate matter.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 84 FR 19829 on May 6, 2019, pages 19829 and 19830.

Title: Application for Accreditation as a Claims Agent or Attorney, Filing of Representatives' Fee Agreements and Motions for Review of Such Fee Agreements.

OMB Control Number: 2900-0605.

Type of Review: Reinstatement of a previously approved collection.

Abstract: Applicants seeking accreditation as claims agents or attorneys to represent benefits claimants before VA must complete VA Form 21a. The applicant is required to file the application with OGC to establish initial eligibility for accreditation. The information requested includes basic identifying information, as well as certain information concerning training and experience, military service, and employment. The information is used to evaluate qualifications, ensure against conflicts of interest, and to establish that statutory and regulatory eligibility requirements, *e.g.*, good character and reputation, are met. If a potential area of concern is identified on the application, additional information may be requested. Applicants who become accredited as agents and attorneys may not lawfully represent claimants without completing and maintaining accreditation requirements. The data is used to determine the applicant's eligibility for accreditation as a claims agent or attorney. The information collected with regard to an attorney or agent's good standing with other courts, bars, and Federal and State agencies and completion of their ongoing CLE requirements is used by OGC in monitoring accredited attorneys and agents to determine whether they continue to have the appropriate character and reputation and that they remain fit to prepare, present, and prosecute VA benefit claims.

The data collected under Filing of Representatives' Fee Agreements is used by OGC to associate the fee agreement
