

Supporting Statement for VA Form 21-0304,  
*Application for Benefits for a Qualifying Veteran's Child Born with Disabilities*  
OMB #2900-0572

**A. JUSTIFICATION:**

**1. Explain the circumstances that make the collection of information necessary. Identify legal or administrative requirements that necessitate the collection of information.**

The Department of Veterans Affairs (VA), through its Veterans Benefits Administration (VBA), administers an integrated program of benefits and services established by law for veterans, service personnel, and their dependents and/or beneficiaries. 38 U.S.C. 1805 provides monetary benefits to, or on behalf of, children of veterans who serviced in the Republic of Vietnam (RVN), or in or near the demilitarized zone (DMZ) in Korea, as well as children of certain veterans who served in Thailand. 38 U.S.C. 1815 provides payment to, or on behalf of, certain children of female veterans who served in the RVN.

VA Form 21-0304 has been updated, to include:

- Updated the title for the collection.
- New standardization data points; to include optical character recognition information.
- Sectional formatting to clarify the intent of the form.
- Added an alternate signer signature section.

This update is a non-substantive change and does not increase the burden.

**2. Indicate how, by whom, and for what purposes the information is to be used; indicate actual use the agency has made of the information received from current collection.**

VA Form 21-0304 is used to gather the necessary information to determine eligibility for the monetary allowance and the appropriate level of payment. It would be impossible to administer this benefit program without this collection of information.

**3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

VA Form 21-0304 is available on the One-VA Website in a fillable electronic format. VBA is currently hosting this form on a secure server and does not currently have the technology in place to allow for the complete submission of the form. Validation edits are performed to assure data integrity. There currently is no utility process in place that will allow the data submitted on the form to be incorporated with an existing centralized legacy database.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency which maintains the necessary information, nor is it available from other sources within our Department.

- 5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

The collection of information does not involve small businesses or entities.

- 6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently as well as any technical or legal obstacles to reducing burden.**

VA Form 21-0304 is used to determine the monetary allowance for a child born with Spina Bifida or certain birth defects who is the natural child of a Vietnam and certain Thailand or Korea service veterans. Without this information, VA would be unable to effectively administer 38 U.S.C. 1805 or 38 U.S.C. 1815.

- 7. Explain any special circumstances that would cause an information collection to be conducted more often than quarterly or require respondents to prepare written responses to a collection of information in fewer than 30 days after receipt of it; submit more than an original and two copies of any document; retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years; in connection with a statistical survey that is not designed to produce valid and reliable results that can be generalized to the universe of study and require the use of a statistical data classification that has not been reviewed and approved by OMB.**

There is no special circumstance requiring collection in a manner inconsistent with 5 CFR 1320.6 guidelines.

- 8. A. If applicable, provide a copy and identify the date and page number of publications in the Federal Register of the sponsor's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the sponsor in responses to these comments. Specifically address comments received on cost and hour burden.**

The Department notice was published in the Federal Register on March 14, 2019, Volume 84, No. 50, pages 9413 and 9414. One comment was received in response to this notice.

See supplemental statement concerning the comment and VA's responses.

**9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.**

No payments or gifts to respondents have been made under this collection of information.

**10. Describe any assurance of privacy to the extent permitted by law provided to respondents and the basis for the assurance in statute, regulation, or agency policy.**

The records are maintained in the appropriate Privacy Act System of Records identified as "Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA (58VA21/22/28)," published at 74 FR 29275 on June 19, 2009, and last amended at 84 FR 4138 (February 14, 2019).

**11. Provide additional justification for any questions of a sensitive nature (Information that, with a reasonable degree of medical certainty, is likely to have a serious adverse effect on an individual's mental or physical health if revealed to him or her), such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private; include specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.**

There are no questions of a sensitive nature.

**12. Estimate of the hour burden of the collection of information:**

- a. Number of Respondents is estimated at 430 per year.
- b. Frequency of Response is one time.
- c. Annual burden hours are 72 hours.
- d. The estimated completion time for each form is 10 minutes.
- e. The respondent population for VA Form 21-0304 is composed of children born of Vietnam and certain Thailand or Korea service veterans who are applying for benefits due to Spina Bifida or other birth defects. VA cannot make further assumptions about the population of respondents because of the variability of factors such as the educational background and wage potential of respondents. Therefore, VBA used general wage data to estimate the respondents' costs associated with completing the information collection.

The Bureau of Labor Statistics (BLS) gathers information on full-time wage and salary workers. According to the latest available BLS data, the mean hourly wage is \$24.98

based on the BLS wage code – “00-0000 All Occupations.” This information was taken from the following website: [https://www.bls.gov/oes/current/oes\\_nat.htm](https://www.bls.gov/oes/current/oes_nat.htm).

Legally, respondents may not pay a person or business for assistance in completing the information collection. Therefore, there are no expected overhead costs for completing the information collection. VBA estimates the total cost to all respondents to be \$1,798.56 (72 burden hours x \$24.98 per hour).

**13. Provide an estimate of the total annual cost burden to respondents or recordkeepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).**

This submission does not involve any recordkeeping costs.

**14. Provide estimates of annual cost to the Federal Government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operation expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.**

Estimated Costs to the Federal Government:

Grade	Step	Burden Time	Fraction of Hour	Hourly Rate	Cost Per Response	Total Responses	Total
3	3	30	0.50	\$11.94	5.970	430	\$ 2,567.10
Overhead at 100% Salary							\$ 2,567.10
5	3	15	0.25	\$15.00	3.750	430	\$ 1,612.50
Overhead at 100% Salary							\$ 1,612.50
9	3	15	0.25	\$22.73	5.683	430	\$ 2,443.48
Overhead at 100% Salary							\$ 2,443.48
Processing / Analyzing Costs							\$ 13,246.15
Printing and Production Cost							\$ 147.18
<b>Total Cost to Government</b>							<b>\$ 13,393.33</b>

Overhead costs are 100% of salary and are same as the wage listed above and the amounts are included in the total.

Printing and production costs approximates the cost of printing this information collection per year. (Processing/Analyzing Cost total divided by \$90)
