SEC File No. 270-357, OMB Control No. 3235-0404

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C.

3501 et seq.), the Securities and Exchange Commission ("Commission") has submitted to the

Office of Management and Budget this request for extension of the previously approved

collection of information discussed below.

Form F-80 (17 CFR 239.41) is a registration form used by large, publicly-traded

Canadian issuers to register securities that will be offered in a business combination, exchange

offer or other reorganization requiring the vote of shareholders of the participating companies.

The information collected is intended to make available material information upon which

shareholders and investors can make informed voting and investment decisions. The information

provided is mandatory and all information is made available to the public upon request. Form

F-80 takes approximately 2 hours per response and is filed by approximately 4 issuers for a total

annual reporting burden of 8 hours (2 hours per response x 4 responses). The estimated burden

of 2 hours per response was based upon the amount of time necessary to compile the registration

statement using the existing Canadian prospectus plus any additional information required by the

Commission.
