

from a lower transaction fee rate for QCC Orders, excluding QCC Orders from the Priority Customer Rebate Program enables a more equitable and not unfairly discriminatory outcome.

The Exchange further believes that not assessing a Marketing Fee for contracts executed as a QCC, and not assessing the additional Posted Liquidity Marketing Fee to Market Makers for contracts executed as a QCC Order is equitable and not unfairly discriminatory because such order types are originated from the same Member organization, thus obviating the purpose of the Marketing Fees. Finally, the Exchange believes that the proposed change to the Fee Schedule specifying that QCC orders comprised of mini-contracts will be assessed QCC fees and afforded rebates equal to 10% of the fees and rebates applicable to QCC Orders comprised of standard option contracts is equitable and not unfairly discriminatory because it clearly and transparently describes the fees applicable to QCC Orders involving mini-contracts for all MIAX participants.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act, because the proposed rule change applies to all Members. The Exchange believes this proposal will not cause an unnecessary burden on intermarket competition because the proposed changes will actually enhance the competitiveness of the Exchange relative to other exchanges which offer comparable fees and rebates for QCC transactions. To the extent that the proposed changes make the Exchange a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become market participants on the Exchange.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

Written comments were neither solicited nor received.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to section 19(b)(3)(A)(ii) of the Act.<sup>13</sup> At any time within 60 days of the filing of the

proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

## **SMALL BUSINESS ADMINISTRATION**

### **Privacy Act of 1974: System of Records**

**AGENCY:** Small Business Administration.  
**ACTION:** Notice of Revision of Privacy Act System of Records.

**SUMMARY:** SBA is amending its Privacy Act system of records notice titled, Business and Community Initiatives Resource Files, SBA-5 to clarify the categories of individuals and categories of records that are covered by that systems of records and also to change the title of the system of records. Publication of this notice complies with the Privacy Act and the Office of Management and Budget (OMB) Circular A-130 requirement for agencies to publish a notice in the **Federal Register** whenever the agency alters a system of records.

**DATES:** *Comment Date:* Submit comments by September 9, 2015.

*Effective Date:* The changes to this system of records will become effective September 24, 2015 unless comments are received that result in further revision.

**ADDRESSES:** Submit written comments to Linda Di Giandomenico, Acting Chief Freedom of Information/Privacy Acts Office, U. S. Small Business Administration, 409 3rd Street SW., Washington, DC 20416.

**FOR FURTHER INFORMATION CONTACT:** Linda Di Giandomenico, Acting Chief Freedom of Information/Privacy Acts Office, (202) 401-8203.

**SUPPLEMENTARY INFORMATION:** A system of records (SOR) is a group of any records under the control of a federal agency from which information is retrieved by the name of an individual or by a number, symbol or other identifier assigned to the individual. The Privacy Act, 5 U.S.C. 552a, requires each federal agency to publish in the **Federal Register** a system of records notice (SORN) identifying and

<sup>13</sup> 15 U.S.C. 78s(b)(3)(A)(ii).

<sup>14</sup> 17 CFR 200.30-3(a)(12).

describing each system of records the agency maintains, the purposes for which the agency uses the personally identifiable information (PII) in the system, the routine uses for which the agency discloses such information outside the agency, and how individuals can exercise their rights related to their PII information.

The PII information maintained in SBA's Business and Community Initiatives Resource Files system of records SBA-5, is collected in connection with various business and entrepreneurial education initiatives carried out by SBA to further its mission of helping small businesses or potential small business owners. SBA uses the information to, among other things, register eligible participants, report overall participation, and gain insight into participants' entrepreneurial goals, knowledge and experience. The information is also used to maintain a list of registrants, instructors, and other participants in the SBA entrepreneurial initiatives to facilitate the agency's Customer Relationship Management (CRM) capability to follow-up on additional initiatives, course feedback or other types of information. This system of records is separate from the SBA SBA-11, Entrepreneurial Development Management Information System, which covers information collected from those using SBA's business counseling and assistance services, provided by SBA's resource partners, including Small Business Development Centers, SCORE, and Women Business Centers.

SBA is changing the title of the system of records, SBA-5 to "Business and Entrepreneurial Initiatives for Small Businesses." The agency believes this title more accurately conveys the scope of the source of the information maintained in the system. This revised name should also help affected persons identify which system if any governs their PII information. SBA is also amending the categories of individuals and categories of records covered by SBA-5 to more explicitly identify the persons and records maintained in the system of records. The current description of individuals and records covered by SBA-5 does not provide sufficient details to enable individuals whose information is maintained in the system of records to make a clear assessment about their Privacy Act protected information. The changes to the Categories of Individuals and Categories of Records provide a level of detail that is intended to close this gap.
