

CMS.gov Unmoderated Online Usability Testing

Text for Recruiting E-mail Sent to Prospective Test Participants

Hello –

We are working to make CMS.gov better and easier to use. Could you help us ensure that our draft navigation makes sense by doing a quick online exercise? Your input will be beneficial in helping us improve the website. This will be completely anonymous and no identifying information will be collected.

When you click on the link below, you'll go to a web page where we'll ask you how to find some information by clicking through a list of page links. For each one, you'll click through the list of links until you get to the page where you think the information should be located. This will help us know which of our page labels don't work, and which areas of our navigation need improvement.

If you can help, click on the link below to complete the navigation exercise. It will probably take you 10–15 minutes.

Thank you for your help,
