Description of major changes (A description of changes to a form's instructions that may impact a UWR is also included, as applicable)

Under current law, the alternative motor vehicle credit is not available for vehicles purchased after 2017 [IRC 30B(k)(1)]. However, certain filers could still figure the credit on a 2018 return for a vehicle purchased in 2017 and placed in service in 2018. A partner in a fiscal year partnership or shareholder of a fiscal year S corporation may receive an alternative motor vehicle credit from a 2018 partnership or S corporation filer that must be reported on a 2019 return [IRC 706(a); IRC 1366(a)]. Recipients of these "pass-through" credits who are partnerships or S corporations must report these amounts on Form 8910, line 8. All others can report these amounts directly on Form 3800, Part III, line 1r.

1. We removed "acquired in 2017 but not placed in service until 2018 (see instructions)" under Note [P.L. 115-123, sec. 40403; IRC 30B(k)(1)].
2. The text for lines 1 through 7 and lines 10 through 15 is replaced with "Reserved for future use" and the entry boxes are gray shaded, impacting programming and processing of paper returns.
3. For electronic programming of lines 1 through 7 and lines 10 through 15, the Schema/Stylesheet Data Element and Element Name for MeF needn't change; a Business Rule for MeF may be added that any entry other than zero is invalid and shouldn't be allowed.
4. The instructions for lines 1 through 7 and lines 10 through 15 will tell filers to treat the amounts on those lines as zero when any form, worksheet, or instruction refers to those lines (for example, line 9 asks filers to add lines 7 and 8).

Cent entry spaces. We are simplifying the form and its processing by removing all of the separate entry spaces for cents. This change and its reasons are described in greater detail in the 2019 WRN for Form 1040 that was circulated on November 1, 2018 [M&P Initiative].

Potential extenders legislation. The credit may be extended by extenders legislation. The legislation could be enacted any time later this year, or not at all, or only in part, or only as modified. That would require reserved lines to be un-reserved.

Comments: Comments are due **30** days after the date this circulation is signed and issued, unless a different date is specified here: _____
Comments should be sent via email to both the Tax Law Specialist and Reviewer listed below. We will accept comments after the due date, but may not be able to consider any comments (timely or not) for this revision if implementing the comments would require a late UWR. If we need to make significant changes based on comments or other new information received, we normally will issue a subsequent circulation of this product; otherwise, these changes are final unless indicated otherwise in the Description of Major Changes.
