

required to be closed pursuant to 5 U.S.C. 552b(c)(1)(A) & (B) The second agenda item, a discussion of potential NSTAC study topics, will address areas of critical cybersecurity vulnerabilities and priorities for Government. Government officials will share data with NSTAC members on initiatives, assessments, and future security requirements across public and private sector networks. The information will include specific vulnerabilities within cyberspace that affect the United States' information and communication technology infrastructures and proposed mitigation strategies. Disclosure of this information to the public would provide criminals with an incentive to focus on these vulnerabilities to increase attacks on the Nation's critical infrastructure and communications networks. As disclosure of this portion of the meeting is likely to significantly frustrate implementation of proposed DHS actions, it is required to be closed pursuant to 5 U.S.C. 552b(c)(9)(B).

Helen Jackson,

Designated Federal Officer for the NSTAC.

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2017-0038]

Privacy Act of 1974; System of Records

AGENCY: Department of Homeland Security, Privacy Office.

ACTION: Notice of Modified Privacy Act System of Records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security (DHS) proposes to modify a current DHS system of records titled, "Department of Homeland Security/U.S. Citizenship and Immigration Services, U.S. Immigration and Customs Enforcement, U.S. Customs and Border Protection—001 Alien File, Index, and National File Tracking System of Records." This system of records contains information regarding transactions involving an individual as he or she passes through the U.S. immigration process, some of which may also be covered by separate Systems of Records Notices. DHS primarily maintains information relating to the adjudication of benefits, investigation of immigration violations, and enforcement actions in Alien Files (A-Files). Alien Files became the official file for all immigration records created or consolidated since April 1, 1944. Before A-Files, many individuals had more than one file with the agency. To streamline immigration recordkeeping, legacy Immigration and Naturalization Service issued each individual an Alien Number, allowing the agency to create a single file for each individual containing that individual's official

immigration record. DHS also uses other immigration files to support administrative, fiscal, and legal needs.

DATES: Submit comments on or before October 18, 2017. This modified system will be effective upon publication. New or modified routine uses will become effective October 18, 2017.

ADDRESSES: You may submit comments, identified by docket number DHS-2017-0038 by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 202-343-4010.

- *Mail:* Jonathan R. Cantor, Acting Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528-0655.

FOR FURTHER INFORMATION CONTACT: For general questions, please contact: Donald K. Hawkins, (202) 272-8000, Privacy Officer, U.S. Citizenship and Immigration Services, 20 Massachusetts Avenue NW., Washington, DC 20529. For privacy questions, please contact: Jonathan R. Cantor, (202) 343-1717, Acting Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528-0655.

SUPPLEMENTARY INFORMATION: As DHS moves to conducting more immigration actions in an electronic environment and U.S. Citizenship and Immigration Services (USCIS) adjudicates more immigration benefits and requests for action in its USCIS Electronic Immigration System, DHS no longer considers the paper A-File as the sole repository and official record of information related to an individual's official immigration record. An individual's immigration history may be in the following materials and formats: (1) A paper A-File; (2) an electronic record in the Enterprise Document Management System or USCIS Electronic Immigration System; or (3) a combination of paper and electronic records and supporting documentation.

The Department of Homeland Security, therefore, is updating the "Department of Homeland Security/U.S. Citizenship and Immigration Services, U.S. Immigration and Customs Enforcement, U.S. Customs and Border Protection—001 Alien File, Index, and National File Tracking System of Records notice to: (1) Redefine which records constitute the official record of an individual's immigration history to include the following materials and formats: (a) The paper A-File, (b) an electronic record in the Enterprise Document Management System or U.S. Citizenship and Immigration Services Electronic Immigration System, or (c) a

combination of paper and electronic records and supporting documentation; (2) clarify that data originating from this system of records may be stored in a classified paper A-File or classified electronic network; (3) provide updated system locations; (4) update category of individuals covered by this System of Records Notice, to include individuals acting as legal guardians or designated representatives in immigration proceedings involving an individual who is physically or developmentally disabled or severely mentally impaired (when authorized); Civil Surgeons who conduct and certify medical examinations for immigration benefits; law enforcement officers who certify a benefit requestors cooperation in the investigation or prosecution of a criminal activity; and interpreters; (5) expand the categories of records to include the following: country of nationality; country of residence; the USCIS Online Account Number; social media handles, aliases, associated identifiable information, and search results; and the Department of Justice (DOJ), Executive Office for Immigration Review and Board of Immigration Appeals proceedings information; (6) add and describe the purpose for the USCIS Electronic Immigration System, Electronic Document Management System, and Microfilm Digitization Application System; (7) expand the data elements used to retrieve records; (8) update the parameters for retention and disposal of A-Files; (9) add the Microfilm Digitization Application System retention schedule; (10) update system manager to Associate Director, Immigration Records and Identity Services; (11) update record source categories to include publicly available information obtained from the internet, public records, public institutions, interviewees, commercial data providers, and information obtained and disclosed pursuant to information sharing agreements; and (12) update routine use E to comply with new policy contained in Office of Management and Budget Circular A-108. Additionally, this notice includes non-substantive changes to simplify the formatting and text of the previously published notice. The exemptions for the existing system of records notice will continue to be applicable for this updated system of records notice. This modified system of records notice will be included in the DHS's inventory of record systems.

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the DHS U.S. Citizenship and Immigration Services

(USCIS), U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP) proposes to update and reissue a current DHS system of records titled, "DHS/USCIS-ICE-CBP-001 Alien File, Index, and National File Tracking System of Records."

DHS implements U.S. immigration law and policy through USCIS' processing and adjudication of applications and petitions submitted for citizenship, asylum, and other immigration benefits. USCIS also supports national security by preventing individuals from fraudulently obtaining immigration benefits and by denying applications from individuals who pose national security or public safety threats. DHS implements U.S. immigration policy and law through ICE's law enforcement activities and CBP's inspection and border security processes.

Legacy immigration and naturalization agencies previously collected and maintained information concerning all immigration and inspection interactions. Before Alien Files (A-Files), many individuals had more than one file with the agency requiring legacy personnel to search multiple records systems and indexes for all records pertaining to one individual. The former Immigration and Naturalization Services (INS) introduced A-Files and issued each individual an Alien Number (A-Number) allowing INS to create one file for each individual containing the entire agency's records for the subject. Legacy immigration case file records that were not consolidated into the A-File are still maintained since these records hold historical value and are shared with government agencies and members of the public who request this information for mission-related and genealogy purposes.

The Alien File, Index, and National File Tracking System of Records is the official record system that contains information regarding the transactions of an individual as he or she passes through the U.S. immigration process. Currently, A-Files may be maintained in two formats: Paper A-Files or electronic A-Files within the Enterprise Document Management System (EDMS). The official record will now take three possible forms: (1) Records contained within the paper A-File; (2) records contained within the electronic record from EDMS or USCIS Electronic Immigration System (USCIS ELIS); or (3) a combination of paper and electronic records and supporting documentation. The A-File serves as the official record of an individual's immigration history.

It is used in immigration proceedings before U.S. Department of Justice (DOJ) immigration judges and the Board of Immigration Appeals (BIA), and is the official record used in Federal court litigation and other official agency business transactions. USCIS is the custodian of the A-File and the documents contained within it that are derived from various systems belonging to USCIS, ICE, and CBP. All three components create, contribute information to, and use A-Files, hence this joint System of Records Notice (SORN).

A notice detailing this system of records was last published in the **Federal Register** on November 21, 2013, as the DHS/USCIS/ICE/CBP001 Alien File, Index, and National File Tracking System of Records, 78 FR 69864. DHS is updating the DHS/USCIS/ICE/CBP-001 Alien File, Index, and National File Tracking System of Records to include the following substantive changes: (1) Redefine which records constitute the official record of an individual's immigration history to include the following materials and formats: (a) The paper A-File, (b) the electronic A-File, or (c) a combination of paper and electronic records and supporting documentation; (2) clarify that data originating from this system of records may be stored in a classified paper A-File or classified electronic network; (3) provide updated system locations; (4) update category of individuals covered by this SORN to include individual acting as legal guardians or designated representatives in immigration proceedings involving individuals who are physically or developmentally disabled or severely mentally impaired (when authorized); Civil Surgeons who conduct and certify medical examinations for immigration benefits; and law enforcement officers who certify a benefit requestors cooperation in the investigation or prosecution of a criminal activity; and interpreters; (5) expand the categories of records to include country of nationality; country of residence; the USCIS Online Account Number; social media handles, aliases, associated identifiable information, and search results; and information regarding the DOJ Executive Office for Immigration Review (EOIR) and BIA proceedings; (6) add and describe the purpose of the USCIS ELIS, EDMS, and Microfilm Digitization Application System (MiDAS); (7) expand data elements used to retrieve records; (8) update the parameters for retention and disposal of paper A-Files and electronic A-Files; (9) include the MiDAS retention schedule; (10) change system

manager to Associate Director, Immigration Records and Identity Services (IRIS); (11) update record source categories to include publicly available information obtained from the internet, public records, public institutions, interviews, commercial data providers, and information shared obtained through information sharing agreements; and (12) update routine use E to comply with Office of Management and Budget Circular A-108.

Consistent with DHS's information sharing mission, information stored in the DHS/USCIS/ICE/CBP-001 Alien File, Index, and National File Tracking System of Records may be shared with other DHS components that have a need to know the information to carry out their national security, law enforcement, immigration, intelligence, or other homeland security functions. In addition, information contained within the DHS/USCIS/ICE/CBP-001 Alien File, Index, and National File Tracking System of Records may be shared with appropriate Federal, State, local, tribal, territorial, foreign, or international government agencies consistent with the routine uses set forth in this system of records notice. The exemptions for the existing system of records notice will continue to be applicable for this system of records notice. Additionally, this modified system will be included in DHS's inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information practice principles in a statutory framework governing the means by which Federal Government agencies collect, maintain, use, and disseminate individuals' records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens and lawful permanent residents. Additionally, and similarly, the Judicial Redress Act (JRA) provides a statutory right to covered persons to make requests for access and amendment to covered records, as defined by the JRA, along with judicial review for denials of such requests. In addition, the JRA prohibits disclosures of covered records, except as otherwise permitted by the Privacy Act.

Below is the description of the DHS/USCIS/ICE/CBP-001 Alien File, Index, and National File Tracking System of Records. In accordance with 5 U.S.C.

552a(r), DHS has provided a report of this system of records to the Office of Management and Budget and to Congress.

SYSTEM NAME AND NUMBER:

Department of Homeland Security (DHS) U.S. Citizenship and Immigration Services (USCIS), U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP)—001 Alien File, Index, and National File Tracking System of Records.

SECURITY CLASSIFICATION:

Unclassified, sensitive, for official use only, and classified. The data may be retained in classified paper A-File or on classified networks. The nature and character of the underlying classification of these records will not change unless it is combined with classified information.

SYSTEM LOCATION:

Records are maintained in (1) paper A-Files; (2) electronic A-Files in EDMS and USCIS ELIS; (3) Central Index System (CIS); (4) MiDAS; and (5) National File Tracking System (NFTS). Other applications, as Enterprise Citizenship and Immigrations Services Centralized Operational Repository (eCISCOR) and the Person Centric Query Service (PCQS), may retrieve information from the aforementioned applications.

Paper A-Files: Paper A-Files are primarily located at the National Records Center in Lee's Summit, Missouri and component field offices. Paper A-Files may also be located at Headquarters, Regional, District, and other USCIS File Control Offices (FCO) throughout the United States and foreign countries as detailed on the agency's Web site, <http://www.uscis.gov>. A-Files may also be located at ICE and CBP offices and facilities.

EDMS: EDMS contains electronic A-Files.

USCIS ELIS: USCIS ELIS contains electronic A-Files. USCIS ELIS is an online, electronic account and case management system that stores information submitted or integrated into the system for the processing of specific applications, petitions, or requests. Submissions may originate in an electronic format or be converted to an electronic format from paper and include forms, supporting documentation associated with each submission notices of agency action (e.g., appointment notices, requests for evidence or originals, notices of intent to deny, or withdrawal notice and other final agency decisions) on a specific application, petition, or request,

whether filed directly online or received by USCIS in a paper format and subsequently scanned for integration into the USCIS ELIS. USCIS ELIS also stores the USCIS Online Account Number and biographic information about the individual filing a request for an immigration decision or agency action that can be used to retrieve information about other immigration requests that may have been filed by the individual.

CIS: CIS serves as a DHS-wide index of key information for A-Files (whether paper or electronic). CIS contains information on individuals who interact with DHS. The system contains biographic information on those individuals which can be used to retrieve additional information from other systems. However, A-Files are not contained in CIS.

MiDAS: MiDAS contains digitized copies of immigration-related records that were created between 1893 and 1975.

NFTS: NFTS has the location information for all A-File records (whether paper or electronic). NFTS allows DHS to track and log the movement of paper A-Files in a centralized database, and provide timely and accurate access to the immigration case file location. This system facilitates USCIS' ability to efficiently manage and streamline access to immigration files under its control.

The databases maintaining the above information are located within the DHS data center in the Washington, DC metropolitan area as well as throughout the country. Access to these electronic systems is possible at USCIS sites at Headquarters and in the field offices throughout the United States, at appropriate facilities under the jurisdiction of DHS, and other locations at which officers of DHS component agencies may be posted or operate to facilitate DHS's homeland security mission.

SYSTEM MANAGER(S):

Associate Director, Immigration Records and Identity Services, U.S. Citizenship and Immigration Services, Department of Homeland Security, 20 Massachusetts Avenue NW., Washington, DC 20529.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Authority for maintaining this system is in Sections 103 and 290 of the Immigration and Nationality Act (INA), as amended (8 U.S.C. 1103 and 1360), and the regulations issued pursuant thereto; and Section 451 of the Homeland Security Act of 2002 (Pub. L. 107-296), codified at 6 U.S.C. 271.

PURPOSE(S) OF THE SYSTEM:

The purpose of this system of records is to facilitate administration of benefits and enforcement of provisions under the INA and related immigration statutes. A-Files (whether paper or electronic), immigration case files, CIS, MiDAS, and NFTS are used primarily by DHS employees for immigration processing and adjudication, protection of national security, and administering and enforcing immigration and nationality laws and related regulations and policy. These records also assist DHS with detecting violations of immigration and nationality laws; supporting the referral of such violations for prosecution or other appropriate enforcement action; supporting law enforcement efforts and inspection processes at the U.S. borders; as well as to carry out DHS enforcement, immigration, intelligence, and other homeland security functions.

The purpose of the A-File is to document and maintain the official record of an individual's immigration applications, petitions, and requests, as well as enforcement transactions as he or she passes through the U.S. immigration process. The official records in the A-Files consist of paper and electronic records of the individual's transactions through the immigration process including records of immigration benefit requests and requests for agency action filed with USCIS, but does not include all case processing and decisional data.

The purpose of the EDMS is to store the A-File electronically and to share the A-File more efficiently within DHS and with external agencies.

The purpose of USCIS ELIS is to maintain the A-File of certain paper- and electronically-filed benefit request forms with USCIS, in addition its electronic case processing, adjudication, and management functions. The associated information and data for cases maintained in USCIS ELIS for case processing, adjudication, and management functions are covered under other USCIS SORNs.

The purpose of CIS is to maintain a repository of electronic data that summarizes the history of an immigrant or non-immigrant in the adjudication process. In addition, CIS maintains information about individuals of interest to the U.S. Government for investigative purposes. Information contained within CIS is used for immigration benefit determination and for immigration law enforcement operations by USCIS, ICE, and CBP.

The purpose of MiDAS is to maintain a repository of historical immigration case files for use by government

agencies for mission-related purposes such as assisting in the determination to grant or deny a government benefit or to conduct law enforcement or other investigations. Furthermore, USCIS makes records of deceased subjects available to members of the public who request them for genealogy and other historical research purposes.

The purpose of NFTS is to account for the specific location of immigration files, and to track the request and transfer of immigration files.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

- Lawful permanent residents;
- Naturalized U.S. citizens;
- Individuals when petitioning for benefits under the INA, as amended, on behalf of another individual;

RECORD SOURCE CATEGORIES:

Basic information contained in DHS records is supplied by individuals on Department of State (DOS) and DHS applications and forms. Other information comes from publicly available information obtained from the Internet, public records, public institutions, interviewees, commercial data aggregators, inquiries or complaints from members of the general public and members of Congress, referrals of inquiries or complaints directed to the President or Secretary of Homeland Security, information shared through information sharing agreements, reports of investigations, sworn statements, correspondence, official reports, memoranda, and written referrals from other entities, including federal, state, and local governments, various courts and regulatory agencies, foreign government agencies, and international organizations.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:

Information in this system of records contains information relating to persons who have pending or approved benefit requests for special protected classes and should not be disclosed pursuant to a routine use unless disclosure is otherwise permissible under the confidentiality statutes, regulations, or policies applicable to that information. For example, information relating to persons who have pending or approved benefit requests for protection under the Violence Against Women Act, Seasonal Agricultural Worker or Legalization claims, the Temporary Protected Status of an individual, and information relating to nonimmigrant visas protected under special confidentiality provisions

should not be disclosed pursuant to a routine use unless disclosure is otherwise permissible under the confidentiality statutes, regulations, or policies applicable to that information. These confidentiality provisions do not prevent DHS from disclosing information to the DOJ and Offices of the United States Attorney as part of an ongoing criminal or civil investigation.

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be disclosed outside DHS as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

A. To DOJ, including Offices of the U.S. Attorneys, or other federal agency conducting litigation or in proceedings before any court, adjudicative, or administrative body, when it is relevant or necessary to the litigation and one of the following is a party to the litigation or has an interest in such litigation:

1. DHS or any component thereof;

Records in this system are stored electronically or on paper in secure facilities in a locked drawer behind a locked door. The records may be stored on magnetic disc, tape, and digital media.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

DHS/USCIS retrieves records by searching in CIS using the following data alone or in any combination:

- A-Number;
- Full name;
- Alias;
- Sounds-like name with or without date of birth;
- Certificate of Citizenship or Naturalization Certificate number;
- Driver's License number;
- FBI Identification/Universal Control Number;
- Fingerprint Identification Number;
- I-94 admission number;
- Passport number;
- SSN; or
- Travel Document number.

DHS/USCIS retrieves records by searching electronic A-Files in EDMS by any of the following fields alone or in any combination:

- A-Number;
- Last name;
- First name;
- Middle name;
- Aliases;
- Date of birth;
- Country of birth;
- Gender; and
- Through a full text-based search of records contained in the electronic A-File (based on optical character recognition of the scanned images).

DHS/USCIS retrieves records by searching in USCIS ELIS using the following data alone or in any combination:

- Full Name;
- Aliases;
- A-Number;
- USCIS Online Account Number;
- Date of birth;
- Immigration benefit type and/or agency action requested (e.g., deferred action);

- Fee receipt data;
- Date benefit request was filed;
- Date benefit request was received;
- Representative name;
- Preparer name; and
- Interpreter name.

DHS/USCIS retrieves the location of A-Files, whether paper or electronic, by searching in NFTS using the following data:

- A-Number;
- USCIS Online Account Number; or
- Receipt File Number.

DHS/USCIS retrieves genealogy records and requests in MiDAS by searching the following data alone or in any combination:

- Requestor's first name;

- Record subject's first name;
- Record subject's last name; and
- Record subject's alias.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

The official A-File record may take three possible forms: (1) Records contained within the paper A-File; (2) records contained within the electronic record from EDMS or USCIS ELIS; or (3) a combination of paper and electronic records and supporting documentation. A-File records are maintained in accordance with N1-566-08-11. DHS/USCIS transfers A-Files to the custody of NARA 100 years after the individual's date of birth.

CIS records are maintained in accordance with N1-566-10-01. CIS is an internal DHS-mission critical system that contains records that serve as a finding aid to agency case files. Records in CIS are permanently retained because they are the index of the A-File, summarize the history of an immigrant in the adjudication process, and identify the A-File location(s).

NFTS records are maintained in accordance with N1-566-06-01. NFTS records are temporary and deleted when they are no longer needed for agency business. NFTS records associated with an A-File will be retained on a permanent basis even after the A-File has been retired to NARA to retain accurate recordkeeping. Other immigration case files with a shorter retention period will have the associated NFTS record destroyed or deleted once the file has been destroyed.

MiDAS information (data and electronic images) pertaining to correspondence with the public and government requestor is retained and disposed every six years in accordance

with the NARA General Records Schedules 4.2 and 14. The immigration case files contained in MiDAS are retained permanently. Records are transferred to NARA after 100 years after the last completed action.

Records replicated on the unclassified and classified networks for analysis and vetting will follow the same retention schedule.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

DHS/USCIS safeguards records in this system according to applicable rules and policies, including all applicable DHS automated systems security and access policies. USCIS has imposed strict controls to minimize the risk of compromising the information that is being stored. Access to the computer system containing the records in this system is limited to those individuals who have a need to know the information for the performance of their official duties and who have appropriate clearances or permissions.

RECORD ACCESS PROCEDURES:

The Secretary of Homeland Security has exempted this system from the notification, access, and amendment procedures of the Privacy Act, and those of the Judicial Redress Act (JRA) if applicable, because it is a law enforcement system. However, DHS/USCIS will consider individual requests to determine whether or not information may be released. Thus, individuals seeking access to and notification of any record contained in this system of records, or seeking to contest its content, may submit a request in writing to the Chief Privacy Officer and USCIS Freedom of Information Act (FOIA) Officer, whose contact information can be found at <http://www.dhs.gov/foia> under "Contacts Information." If an individual believes more than one component maintains Privacy Act records concerning him or her, the individual may submit the request to the Chief Privacy Officer and Chief Freedom of Information Act Officer, Department of Homeland Security, Washington, DC 20528-0655. Even if neither the Privacy Act nor the Judicial Redress Act provide a right of access, certain records about you may be available under the FOIA.

When seeking records about yourself from this system of records or any other Departmental system of records, your request must conform with the Privacy Act regulations set forth in 6 CFR part 5. You must first verify your identity, meaning that you must provide your full name, current address, and date and place of birth. You must sign your

request, and your signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain forms for this purpose from the Chief Privacy Officer and Chief Freedom of Information Act Officer, <http://www.dhs.gov/foia> or 1-866-431-0486. In addition, you should:

- Explain why you believe the Department would have information on you;

- Identify which component(s) of the Department you believe may have the information about you;

- Specify when you believe the records would have been created; and
- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records.

If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without the above information, the component(s) may not be able to conduct an effective search, and your request may be denied due to lack of specificity or lack of compliance with applicable regulations.

CONTESTING RECORD PROCEDURES:

For records covered by the Privacy Act or covered JRA records, see "access procedures" above.

NOTIFICATION PROCEDURES:

See "Record Access procedure."

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

The Secretary of Homeland Security has exempted this system from the following provisions of the Privacy Act pursuant to 5 U.S.C. 552a(j)(2); 5 U.S.C. 552a(c)(3), (c)(4), (d), (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8), (e)(12), (f), (g)(1), and (h). When this system receives a record from another system exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here.
