Survey Privacy

The Federal Government has a continuing commitment to monitor its awards to identify and address any inequities based on gender, race, ethnicity, or disability of the principal investigators (PIs), co-PIs, trainees, or other participants.

Information from this data collection system will be retained by the National Science Foundation (NSF), a Federal agency, and will be an integral part of its Privacy Act System of Records in accordance with the Privacy Act of 1974 and maintained in the Education and Training System of Records 83 Fed. Reg. 284, 272 (January 5, 1998). All individually identifiable information supplied by individuals or institutions to a Federal agency may be used only for the purposes outlined in the system of records notice and may not be disclosed or used in identifiable form for any other purpose, unless otherwise compelled by law. These are confidential files accessible only to appropriate NSF officials, their staffs, and their contractors responsible for monitoring, assessing, and evaluating NSF programs. Only data in highly aggregated form or data explicitly requested "for general use" will be made available to anyone outside of NSF for research purposes. Data submitted will be used in accordance with criteria established by NSF for monitoring research and education grants, and in response to Public Law 99-363 and 42 USC 1885c.

NSF Privacy Policy

Public Burden

Submission of the requested information is voluntary. Failure to provide full and complete information, however, may reduce the possibility for continuing support through the award/project subject to this survey. Pursuant to 5 CFR 1320.5(b), an agency may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is 3145-0226. The annual public reporting burden for this collection of information is estimated to average 45 hours per award, including the time for reviewing instructions. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Suzanne Plimpton, Reports Clearance Officer for OMB Collection 3145-0226 (CREST Program), National Science Foundation, 2415 Eisenhower Ave., Alexandria, VA 22314.

Welcome to CRESTWeb

Message:

- CRESTWeb will time out after 2 hours of inactivity. If a timeout is imminent, you will have a chance to request more time. If a timeout does occur, you will not lose the data you have saved.

The Centers of Research Excellence in Science and Technology (CREST) program is an initiative managed by the National Science Foundation (NSF) Division of Human Resource Development within the Directorate for Education and Human Resources. The Historically Black Colleges and Universities Research Infrastructure for Science and Engineering (HBCU-RISE) program, formerly known as HBCU Doctoral Capacity Building, has been incorporated into the CREST portfolio of projects since fiscal year 2004.

CRESTWeb is a Web-based monitoring system that collects information required for effective administration, communication, program and project mentoring, and evaluation and for measuring attainment of NSF's CREST/HBCU-RISE program, project, and strategic goals. This system allows you to provide NSF with critical data on your CREST center/HBCU-RISE award.

All the information that you submit to NSF via CRESTWeb, including project participant data, comes from existing project data sources that are maintained by your center/award. The reporting period for this collection is July 1, 2016–June 30, 2017. CRESTWeb will be open for data collection November 29, 2017–February 7, 2018.

Although you can complete the required sections in any order, we suggest that you provide participant information before beginning the Accomplishments sections. Icons next to each data entry field will help you track your progress and will alert you to potential problems as you enter data. The icons indicate one of three statuses:

- Incomplete
- Complete
- ▲ Needs Correction

Required questions are marked with ●; all other questions are optional. Please click on the [Help](#) link located on the right side of the top navigation bar for site navigation assistance, the glossary, and detailed data entry instructions.

If you have any questions about the system or need technical assistance to complete your report, you can e-mail ICF, the contractor designated by NSF to conduct the data collection, at support@crestweb.org, or you can speak to an ICF staff member by calling (800) 841-4258.
