# 1.1 System Overview

SBA is collecting this information for the purpose of monitoring the performance of Microloan Program Intermediary Lenders. SBA is collecting this information pursuant to the rules and regulations establishing the Microloan Program in Section 7(m)(1)(A) of the Small Business Act (15 U.S.C. 636(m)(1)(a)). Your responses are necessary to help SBA to determine whether program objectives are being met and whether the intermediary lenders are complying with program requirements.

In order to verify that the statutory purpose of the Microloan Program is met, SBA must collect data relating to the small business concerns assisted by the program. The collection of business and personal information may implicate the Trades Secret Act and the Privacy Act respectively. However, the information collected will be protected to the maximum extent permitted by law, including the Freedom of Information Act, 5 USC 552 and the Privacy Act, 5 USC 552a.

Microloan Program data is collected via the Microloan Program Electronic Reporting System (MPERS). MPERS is a web-enabled system that is accessed through the Capital Access Financial System (CAFS) at <a href="https://caweb.sba.gov/cls/dsp\_login.cfm">https://caweb.sba.gov/cls/dsp\_login.cfm</a>. The menu is dynamically-built based on the user's role. See Section 3.1 of this document for instructions on how to request access to a User ID and password for access to MPERS.

This system broadly keeps track of the following information about Microlenders, Microloans and Microborrowers:

- Microlender Information Lender Name, Address, Phone and Fax Numbers, Program Start Date, and Program End Date.
- Microloan Information Identifying information about loans that the Microlender makes. This includes Portfolio status information, percent of woman ownership in business, Loan Amount, Interest Rate and Terms, Loan Purpose, Installment Amount, Organization Type, NAICS Code, Urban/Rural Code, Number of Employees Created and Retained, SBA Loan Number and Lender Loan Number.
- Microborrower Information Identifying information about borrowers (businesses or people) who receive loans from Microlenders. This includes Tax Id number, Name, Address, Phone and Fax Numbers, Date the Business was formed, Veterans Status, and Ethnicity/Race.
- Allows Microlenders to enter participant information.
- Provides the ability for Microlenders to submit quarterly and Annual Audits online.
- Provides the ability for Microloan Program Office staff to review and analyze, provide feedback and approve these reports online.
- Captures Technical Assistance (TA) / Training data in the MPERS system.
- Online submission and review of TA / Training narrative quarterly.
- Captures Participants who receive Technical Assistance in the system.
- Online reporting of MRF/LLRF quarterly data.
- Captures intermediary's technical assistance milestones in the system.
