

**Request for Non-Substantive Change to the 2020 Census Local Update of Census
Addresses Operation (LUCA)
OMB Control No. 0607-0994
U.S. Department of Commerce
U.S. Census Bureau**

Purpose

The 2020 Census Local Update of Census Addresses Operation (LUCA) is the only opportunity offered to tribal, state, and local governments to review and comment on the U.S. Census Bureau's residential address list for their jurisdiction prior to the 2020 Census. The Census Bureau relies on a complete and accurate address list to reach every living quarter and associated population for inclusion in the census. The Census Address List Improvement Act of 1994 (Public Law 103-430) authorizes the LUCA.

Background

LUCA was approved on December 15, 2016. Since then, the program has revised some of the review phase materials. These revisions are due to minor programmatic changes and to streamline communication between the Census Bureau and LUCA participants. These changes include:

- Minor revisions on all letters attached.
- A new reminder letter (D-2082) to remind participants of their deadline.
- Combining two letters (D-2084 and D-2086) into one (D-2084) for streamlined communication.

There is no substantive change to the program resulting from these changes.

Burden

The burden of LUCA is unchanged by this update.
