

Wave 1: Preview postcard to survey recipients

OMB Control No. **xxxx-xxxx**

Dear Resident:

We are conducting an important survey, titled “Adapting to Coastal Hazards,” in your region. Information from this survey will help policy makers understand your opinions about programs to reduce risks from coastal hazards, including storms and flooding.

Your address was randomly selected to receive this survey as part of a regional sample of households. Your help is essential to ensure that the survey results are as complete and accurate as possible.

Sometime in the next few weeks, you will receive an invitation to take the online survey. Your participation is completely voluntary and there are no penalties for not answering any questions. Your answers will be kept anonymous.

Thank you in advance for your assistance in this project.

Regards,
