INSTRUCTIONS FOR COMPLETION AND SUBMISSION OF FORM BIS-645P/ATF-4522 INTERNATIONAL IMPORT CERTIFICATE

In accordance with an agreement between the Departments of Commerce and Justice, Import Certificates issued to facilitate international cooperation in export control matters have been standardized. Under this standardization these agencies will use the same form. The U.S. Department of Justice issues the form for articles enumerated on the U.S. Munitions Import List in connection with the issuance of a Justice Department Import Permit. The U.S. Department of Commerce issues the form for all other commodities subject to an Import Certificate requirement.

Notwithstanding any other provision of law, no person is required to respond to nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number.

Public reporting for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, completing and reviewing the collection of information, and an additional 1 minute per response for recordkeeping. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Director of Administration, Bureau of Industry and Security, Room 3889, U.S. Department of Commerce, Washington, D.C. 20230; and to the Office of Management and Budget, Paperwork Reduction Project, Washington, D.C. 20503.

GENERAL INSTRUCTIONS

Submit this form in triplicate - 3 copies (submit in quadruplicate 4 copies for "special nuclear material," "source material," "by-product material," "production or utilization facilities," and "nuclear equipment" and "nuclear material" as defined in the regulations of the Nuclear Regulatory Commission). The quadruplicate copy of this form should be retained by the importer for record purposes, and after the original is signed and numbered by the designated U.S. Commerce or Justice Department official, the International Import Certificate Number should be entered on the record copy. This will facilitate entering the correct International Import Certificate Number on a Delivery Verification Certificate if a delivery verification is requested by the foreign exporter. (If the form is required to be submitted in quadruplicate, the importer should use a separate blank form to provide his record copy.)

Import Certificates will be issued only when required by the government of a foreign country for the commodities specified above which are subject to the Atomic Energy Act, for the N.S.-controlled commodities on the Commodity Control List (Supplement No. 1 to 774 of the U.S. Department of Commerce Export Administration Regulations), and for articles enumerated on the U.S. Munitions List and U.S. Munitions Import List.

Issuance by U.S. Department of Commerce

Requests for certification and validation of Import Certificates or requests for amendments of Import Certificates may be filed with the Office of Exporter Services, P.O. Box 273, Washington, D.C. 20044.

(Blank forms are obtainable at the same offices or any other District Offices.)
