1 INTRODUCTION

The purpose of this document is to list all the data elements collected online from alumni through the Fellowship Management System (FMS). The FMS online alumni directory module is a self-service connection to allow alumni of the Centers for Disease Control and Prevention (CDC) fellowships to update their personal information including current addresses, contact, and education information. The FMS is a robust, flexible framework and is successfully tailored for various fellowships.

The following fellowships currently use the FMS Alumni Directory to collect information from fellowship alumni:

- Epidemic Intelligence Service (EIS)
- CDC-Hubert Global Health Fellowship (Hubert)

The following fellowships are currently not collecting any information from alumni:

- Public Health Informatics Fellowship (PHIF)
- CDC Epidemiology Elective Program for senior medical and veterinary Students (Epi-Elect)
- Prevention Effectiveness Fellowship (PEF)
- Preventive Medicine Residency and Fellowship (PMR/F)
- Public Health Associate Program (PHAP)

1.1 Document Structure

This document is broken down by the major pages of the FMS Alumni Directory. In this document, each page of the FMS Alumni Directory has sections and some sub-sections. In addition, instructions, login, and registration pages are included. [Appendix A](#) provides examples of emails generated by FMS for the EIS Alumni Directory. The instructions and emails provided in this document are examples from EIS; instructions and emails in the FMS Alumni Directory are tailored to each CDC fellowship program.

The main screenshots of the Alumni Directory pages, sections, or subsections are from EIS. Following the screenshots in each section is a table that shows the status of the collection of data elements by each CDC fellowships. The following labels indicate the status of the collection:

- “Yes” indicates that the fellowship collects the information and that alumni are required to submit this information.
- “Opt” indicates that the fellowship collects the information and that it is optional for alumni to submit this information.
- “-” indicates that the fellowship does not collect this information.

In addition, the table shows the data values of each data element, and for ones that have a list of dropdown values, the data value category is hyperlinked to its list located in [Appendix B](#).

The following table (Table 1.1 -a) provides an overview of the major pages and sections in the FMS Alumni Directory used by each fellowship program. The “Yes” indicates that the fellowship uses the page or section, whereas, the “-” indicates that the fellowship does not use the page or section.
