Expiration Date: 5/31/2020

The Burden Statement

Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Do not return the completed form to this address.

Thank you for agreeing to participate in this focus group activity. This feedback is extremely helpful in continuing to refine the NCI summer curriculum program and everything you say will be secure to the extent provided by law.

Today we will be discussing the *name of course* in general.

1. First, I just wanted to get your overall thoughts on the course in general.
2. What did you think of the way the course is delivered and the type of materials covered?
3. What did you think of the lectures? How was the online portion of the course?
4. What did you think of the group activities? Were you able to learn from your colleagues?
5. What did you think of the Poster Session? Were you able to network?
6. What did you think of the Project Concept Paper activity?
From your perspective, what was the main objective of the Project Concept Paper? Were those objectives met? What are your thoughts on the first group review process?
7. As we conclude this session, I would love to return to talking about the course in general. Were there aspects of the *name of the Course* you would like to see done differently? If yes, how would you go about making those changes? If no, what worked for you.

Thank you for your time!
