

We are contacting you to ask for your support of the Occupational Health Services (OHS) Wellness program for all employees both government and contractors. The OHS Wellness mission is to encourage employee engagement in illness prevention, health maintenance and chronic health management. Please participate in our wellness survey. OHS is hoping to gain insight into your workplace wellness needs. The results will guide our development of initiatives and activities, providing us with a path forward as we look for improvement and growth. We encourage your participation.

Sincerely,

OHS Wellness Team
