

CHILD CARE AND DEVELOPMENT FUND (CCDF) STATE MONITORING COMPLIANCE DEMONSTRATION PACKET

The purpose of OCC's monitoring system is to determine State compliance with the Child Care and Development Block Grant Act of 2014 and the Child Care and Development Fund (CCDF) Final Rule. The monitoring process includes a pre-visit review of materials provided by the State, as well as an onsite visit to validate the evidence observed during the pre-visit review and to collect additional evidence of the State's compliance with the CCDBG Act and the CCDF Final Rule.

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13)

Public reporting burden for this collection of information is estimated to average 96 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Office of Child Care (OCC) Monitoring System

State Approaches to Demonstrating Compliance with CCDF Rules

In the chart below, for each CCDF regulation listed in the Column A, please indicate in Column B how the State proposes to show evidence of its compliance with the regulation prior to the onsite visit (such as state/local regulations, policies, manuals, etc.) and indicate in Column C how the State proposes to demonstrate compliance during the onsite visit (such as staff interviews, system demonstrations, visits to field offices, guided case file reviews, etc.).

The State has flexibility to propose an approach that, from its perspective, makes sense in light of the State’s circumstances and processes. Starting with the State’s proposal, OCC will work with the State to finalize an approach that is feasible and provides sufficient evidence of compliance.
